COOLIDGE GIVEN

WALTON POST

Executive Made Honorary Chief

by League Division in

South Dakota

CHICAGO, July 21. (AP)—Pres-

ident Coolidge has been elected

to and has accepted the position

of honorary president of the

South Dakota division of the

Isaac Walton League of

America, national headquarters

of the organization announced

here today.

The action by the Dakota

Waltonians is taken as com-

plete approval of the early sea-

sonal Presidential method of

fishing trout "with the worm

instead of with the more es-

thetic fly," said the national

headquarters' announcement.

The league is devoted "to the

practice of the highest refine-

ment of fishing and shooting

methods."

and in addition this State's stand

in the matter is heartily approved.

California's insistence that the

proposed dam be erected at or

near Boulder Canyon also seems to

be accepted, Matthews said, as the

proper place for the development.

The proposed governor's conference,

to be held in one of the upper-basin

States, which has been tentatively

set for August 10, next, at Denver,

is expected to have a decided effect

upon conditions, Matthews added.

This conference has been called to

discuss whether or not complete rat-

ification of the original seven-State

compact cannot be brought about.

During the course of today's con-

ference Gov. Young expressed grave

doubt that he will be able to attend

the governor's conference, although

he pledged himself to do everything

in his power to bring about the ulti-

mate development of the river re-

sources. Governor's day at the Del-

Monte guard camp has been set for

August 9, at which time the Gover-

nor will inspect the encampment and

the river situation. The Governor

will also inspect the river situation

RUM SCANDAL

AROUSES IOWA

Liquor Flows in University

Town, Says Investigator

Co-ed Drinking Orgies in

Cafe Booths Reported

Student Says Stuff as Easy

to Get as Milk

DES MOINES (Iowa) July 21. (Ex-

clusive)—Students, sober and "slightly

cocked," assured A. E. Nugent, spe-

cial agent of the Iowa State Bureau

of Investigation, that alcohol was as

easy to get as soda pop in Iowa City,

seat of the University of Iowa, dur-

ing the last school year. Nugent told

newspaper men yesterday.

Nugent was assigned to investigate

the liquor traffic in the university

town at the instigation of Robert

Rienow, dean of men. His report to

Gov. John Hammond and the bureau

of investigation was made last fall,

but has been withheld from publica-

tion.

DELIVERED LIKE MILK

The agent posed as a "man about

town" in Iowa City and on the cam-

pus, he said. "All you have to do

is call a bootlegger and he'll deliver

it to your door in a milk bottle,"

one student told him in enlarging upon

the ease with which alcohol could

be obtained, Nugent said.

In certain cafes which were head-

quarters for the student "boozers,"

Nugent said, "co-ed and men stu-

dents gather nightly." Booths in one

cafe were described by the investi-

gator as "thoroughbred hog troughs"

where "drunken college boys and

co-eds mixed with a familiarity

which decent society would term

absolutely outrageous.

"Co-eds and girls about town drank

spiked beer in these cafe booths with

their legs crossed on the tables, and

most of the women considerably less

than the required amount of clothing,"

Nugent continued. "Such scenes were

numerous and deplorable beyond

comparision."

REPORT CREATES STIR

Dimly lighted dance halls and pool

halls screened from the street by

painted windows were denounced by

the State agent, who said there are

eighty-six licensed pool tables in

Iowa City, which has a population of

approximately 15,000.

Nugent's revelations created a stir

in university circles. President Wal-

ter A. Jespers of the university brand-

ed the report as "criminal and in-

famous."

"An investigation is to be made

why not include the other schools of

the State," he president said. "Is

it to be inferred that this school

is any more than others? Or why

start with the schools? Why not in-

vestigate the liquor and moral condi-

tions in the various cities over the

State where there are no educational

institutions?"

Drinking has not increased at the

university, the president insisted.

There are always those who drink.

"They will drink whether they are

in the University of Iowa or in their

own homes town. The school cannot

be blamed for that."

INVESTIGATING VETOED

PRESIDENT WILL

POSE FISHING

Succumbs to Entreaties of

Photographers to Be

Snapped at Brook

RAPID CITY (S. D.) July 21.

(AP)—The country soon is to

have a picture of President

Coolidge fishing.

Since July 8, 1926, when Mr.

Coolidge first took to the sport

at White Pine Camp, the

Presidential ears have been

deaf to pleas of photographers

to get a fishing picture of

him, but it is said authorita-

tively now that the President

has succumbed to their en-

treates and will permit a pic-

ture or two next Saturday

when he goes to McKelvie

Camp near Mystic for a day's

angling in Rapid Canyon

Creek.

In the Spotlight of highest public favor more than ever *Riding is like flying*

The starter on the instrument board is especially appreciated by women, and a particular convenience in starting on hills. The new sliding seat arrangement illustrated above, permits entry and exit without disturbing front seat passengers. One merely leans forward in the seat to allow passage room, then leans back to restore the firm position shown by dotted lines.

New advantages never associated with this price-field, single out the Greater Essex Super-Six with spotlight brilliancy, marking it farther than ever above all comparison.

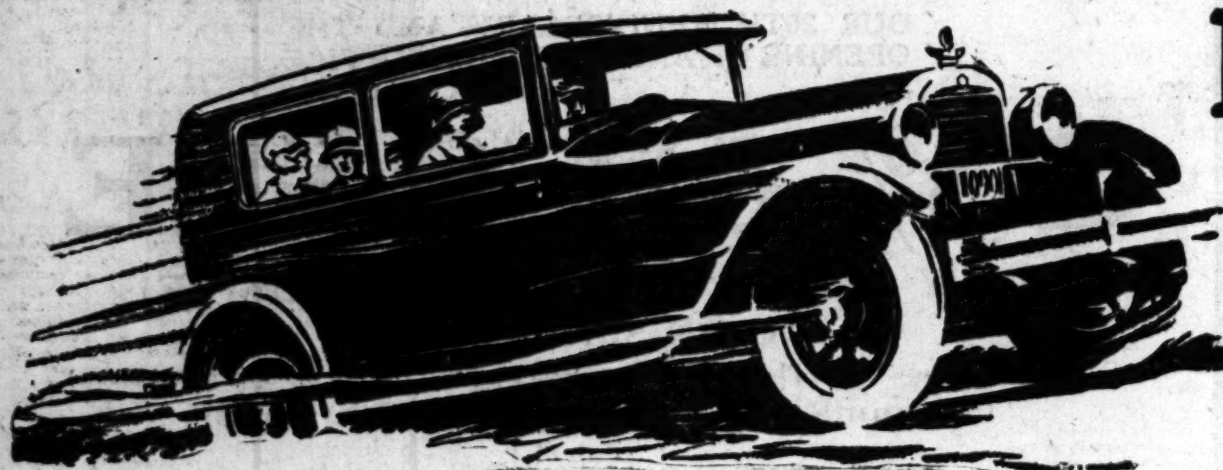

And public acceptance, intensified by knowledge that the most popular Essex of history was withdrawn to make way for it, has swept the country in a nation-wide buying fervor that quickly outran the greatest of all Essex production schedules.

All that the previous Essex stood for—speed, reliability and a riding ease that was like flying—is here in greater and more enjoyable degree. There is greater power, pickup and performance. There is greater luxury and

comfort in these longer, roomier, more beautifully finished bodies. But no words can adequately describe the totally different thrill of this new transportation. No price comparison can give any expectation of the quality, value and zestful performance exclusive to this car.

A ride will reveal a silky flow of power—a smooth indifference to road conditions—a quiet, ease and simplicity of operation that will delight you.

In price, maintenance and long life these qualities are economical to own and employ. Even though production is greatest in Essex history, demand is so large that we must handle all deliveries on the basis of priority of orders.

PORTLAND, July 21. (AP)—Fullerton held Portland to a scoreless tie today and Hollywood won 2 to 0. In the eighth inning, Fullerton bunched two singles on a rally, but with one out, Portland grounded out. Score: Fullerton, 2; Portland, 0.

DETROIT, July 21. (AP)—Detroit won its fourth consecutive game by defeating Boston 7 to 1 in an opening game of the series here. Landrum, the Red Sox pitcher, began kept Boston in check, with a home run over the field fence, with Myer on base. Ry Holman's hitting was broken when he grounded out. Third inning, previously in the eighth, Detroit scored its fourth run in seven consecutive innings. Score: Detroit, 7; Boston, 1.

MELBORNE, July 21. (AP)—Melbourne won its fourth consecutive game by defeating Sydney 4 to 1 in an opening game of the series here. The Melbourne team, led by the batting of the left hand, won the first round of match play in the final of the series.

HUGE MOB HEARS GO ON RADIO

"Times" Broadcasting Idea Attracts Fight Fans to Downtown Corner

Jack Dempsey's home-town backers thronged to First and Broadway yesterday evening to get the blow-by-blow reports of the former champion's sensational knockout victory over Jack Sharkey. Leased wires to the ringside enabled the KJL operators to give the punch reports to the fans, through the magnavox broadcasting arrangement, as quickly as it happened in the Yankee Stadium. Fans, who overpowered the busy corner, were informed of the knockout victory the instant Referee Jack Sullivan had finished tolling the fatal ten, and cheered themselves hoarse over the news of the triumphant return of the popular ex-champion.

RUTH STILL ONE RUN BEHIND LOU GERHIG

NEW YORK, July 21. (AP)—Babe Ruth was still lagging one home run behind Lou Gehrig today, both monarchs of the swat falling to connect for the circuit at the White Sox Park in Chicago, where the Yankees opened a series. However, Ruth got a double which scored a run and Gehrig made a two-bagger on a fluke. In the fourth inning, he hesitated over one of Connally's deliveries, the ball striking the bat close to his wrist. The Ruth-Gehrig slugfest was on.

CHANGE FOR BETTER
Rudie Wilhelm, veteran golfer, who has won the Oregon State title six times and who recently annexed the Pacific Northwest championship, was originally a southpaw swinger, but changed over to his right hand upon the advice of John Moffit, club pro.

CHEERS

For the all-conquering Jack Dempsey shook the landscape at First and Broadway yesterday evening, when a huge crowd of fans listened to the blow-by-blow account of the big fight, as given over The Times' radio-KJL, through a specially arranged broadcasting system. Photo by George R. Watson. Times staff photographer, shows a section of the mammoth crowd which listened to the returns.

COOPER LOSES EXHIBITION

Harry Cooper, El Sereno professional who tied with Tommy Armour for the national open golf championship, and Mrs. Gregg Lifer, Southern California women's champ, lost a hard-fought, eighteen-hole exhibition to Ed Dudley and Miss Kathleen Wright, at Bel Air, yesterday. The Hollywood professional, with an approximate medal of 73 and the Flintridge golfer, with an 83, finished three up in the two low-ball affair. Cooper scored a 74 and Mrs. Lifer 80.

DOEG WINS BRILLIANT NET CLASH

Youthful Santa Monica Boy Marvel Downs Easterner in Hard-Fought Match

BROOKLINE (Mass.) July 21. (AP)—John Loeg, Santa Monica (Cal.), national junior singles champion, had to go five sets to beat Clifford B. Marsh, former Williams College star, in their fifth-round match in the thirty-fifth annual Longwood Bowl tournament at the Longwood Cricket Club here today.

PROTEST LOOMS

Long after the crowd had gone, when the electricians were upon their ladders plucking the ring lights out of the sky, a report came down to the press room that Charley Mason, one of the judges intended to protest the decision of the knockout because Charley was trying to lodge a protest in a gentlemanly way when Dempsey brought up the final punch.

SPIRIT MADE DEMPSEY WIN

(Continued from First Page)
was one of the most magnificent ever made. He knocked the championship aspirations of the forty-fifth second to the seventh round with a right to the body and a left-hand hook to the jaw.

When the right-hand blow struck, Sharkey flung up a hand in protest, but just as he did Dempsey clipped him with a left to the jaw and Sharkey toppled. Sharkey's head hit the canvas and he lay there for a moment before he rose to his feet. But Referee Jack Sullivan ruled the protest out. Sharkey, although heaped to his corner by Dempsey and the Sharkey seconds, was shortly afterward able to walk from the ring.

It will have to be Dempsey and Tunney again, and Dempsey's ability to take punishment, for he did take considerable last night and came back strong again, put him fully up in the right tonight again for the crown that Tunney jabbed off his curly hair in Philadelphia. This serves as a splendid workout for Dempsey for the return match with Tunney. And Tunney had best look out, for tonight's fight showed that Jack's eye is with him again. He missed very few. Most of the prophesies had the Dempsey would be blown to pieces. But it was Sharkey, the meteor, who faded away like a damp Fourth of July skyrocket.

THUMPS OLD CHAMPION
In the third Sharkey led off with a short right to the neck and brought Dempsey into a clinch in which he thumped the old champion in the face with both gloves. Dempsey wrenched his left loose and banged Sharkey on the chin with a lot of vigor, but it wasn't the sort of punch the old Dempsey used to let fly and Sharkey gave him an insulting look. Dempsey tried another left to the head, but Sharkey blocked it and rattled Dempsey's head with long shots of both hands.

Defeats Frank Dolp 1 Up in 36-Hole Thriller

Held Travels 41 Holes to Win from Moe

Dr. Willing Drops Egan in Seattle Play

SEATTLE, July 21. (AP)—A new champion will be crowned Saturday in the finals of the western amateur golf tournament.

Frank Dolp, 19, of Portland, who won the 1926 title at St. Paul last year, was eliminated at the thirty-sixth hole by Fay Coleman, Los Angeles, in their quarter-final match here today.

Coleman, a 19-year-old, defeated Dolp 1 up in 36 holes.

Dr. Willing, Seattle, last year's runner-up, in tomorrow's semifinal.

Forty-one holes were necessary to decide the best man of the Eddie Field, St. Louis, and Donald McPortland, match, with the St. Louis man winning a place on the semifinals with a par 5 after five extra holes of play.

FAY COLEMAN

Two of the three big upsets of the tournament occurred today when Dr. O. F. Willing, Portland, beat Chandler Egan, Medford, Or., several times title-holder, at the thirty-sixth hole, and Coleman eliminated the champion.

Yesterday Harold Nelmeier, Seattle, put Chick Evans, Chicago, eight times holder of the title, out of the tournament at the end of an eighteen-hole match.

Nelmeier today fell victim to his townsman, Stein, when he lost 3 down and 2 to go.

Tomorrow Ned meets Willing and Coleman meets Stein in the semifinals. This gives St. Louis, Los Angeles, and Seattle a chance to win.

SWIM PLANNED BY LONG BEACH

The Pacific Coast Club, located at Long Beach, is introducing a squad of swimmers in the Southern California indoor championship swimming meet to be held at Pasadena the 29th inst. in Brookside Park.

Dick Rutherford, club athletic director, and Orville Ferrell, swimming instructor, have been searching for promising swimming material in Long Beach and vicinity since the club opened in January and believe they have some clever swimmers to present at this time.

This is the first year of activities of the Pacific Coast Club, and also the first athletic club to be organized in Long Beach. The club membership of 2200 members includes 850 persons from Los Angeles.

Dr. O. F. Willing, Portland, eliminated Chandler Egan, Medford, in the quarter-finals. Egan had won the seventeenth hole, but failed to sink a live-foot putt at the eighteenth for a win which would have squared the match.

Dr. O. F. Willing, Portland, eliminated Chandler Egan, Medford, in the quarter-finals. Egan had won the seventeenth hole, but failed to sink a live-foot putt at the eighteenth for a win which would have squared the match.

DEATH'S AIR RIDE

The young pilot and the nurse bent over old Frank.

"Why, Dr. Black, listen to that. It's an airplane, surely. But what would a plane be doing flying over this snowbound town, and on such a night?"

"Well, Miss Marlow, you can depend on it, no man would come flying down in a snowstorm like this unless something serious was the matter. Perhaps it's something wrong with the air mail plane. Hear that? The motor's shut off now. He must be coming down over the fair grounds."

"Oh, doctor, do you think he'll be hurt?"

"Put your things on quickly and we'll get over. We may be needed."

The white-haired doctor and his trim young nurse hurried to the cars in huge fur coats, climbed into the horse-drawn sleigh in front of the little hospital and galloped off, through the blinding snow, down the single street of the lonely Rocky Mountain town.

A crowd of forty—most of the male inhabitants of the town of Blotch—had preceded them and were grouped around a long airplane, the aviator was quite nice looking.

Several men were helping the pilot, bundled in fur suit and strapped into a parachute, out of the cockpit. The plane carried the letters, "U. S. Air Mail, Cheyenne, Los Angeles."

The flyer was half dead from exposure. He was carried to the inn, where, in front of a roaring fire, the doctor administered a stimulant, while the pretty nurse chafed the flyer's blue hands.

The doctor administered a stimulant, while the pretty nurse chafed the flyer's blue hands. She noticed that the aviator was quite nice looking.

Forbes, late of the First Pursuit Group, A. E. F., and more lately night pilot on the air mail that crosses the Rocky Mountains, when he began to take stock of the situation, decided at first he was beholding an angel.

But when he rubbed his eyes, and still saw the pretty face above him, he smiled happily—and then was immediately embarrassed.

He struggled to a sitting posture, despite protest on the part of the doctor.

"I've simply got to go on," he said. "The U. S. Air Mail flies no matter what the weather is."

"No, young man, you'll stay right here. You're in no condition to go on until your circulation is restored and you're properly rested."

Jim was about to protest when a commotion at the door turned all eyes in that direction.

With much shouting and tramping of feet, a hurrying group of fur-clad, high-booted men burst in with a flurry of fine snow. Sharkey, the inert figure of a man whose mustache and chin were thickly encased in ice, and whose face, fur jacket and high boots were bright white with frozen snow.

They laid him in front of the fire, near Jim, and the doctor and nurse

smacked solidly on Dempsey's jaw. Dempsey missed a long left. Dempsey came steadily on, however, ramming away at the body, but Sharkey was all elbows on defense. Sharkey slapped a right to Dempsey's face. Dempsey followed him and they bobbed at each other until Sharkey shot Dempsey's head back with a terrific right uppercut to the jaw. It was the cleanest and hardest punch of the fight so far. Dempsey leaned in, however, pushing Sharkey to the ropes. Dempsey caught the sailor coming out with three smashes to the head and the crowd bowed as Sharkey deliberately poked Dempsey in the face after the bell.

ROUND FOUR

Sharkey was a bit less confident as he came out and missed a wild right. Jack bobbed out of the way of Sharkey's jab. Dempsey drove Sharkey into the ropes with three punches to the body. Sharkey breathed hard as Dempsey nailed a left to the chin and then a right to the body. Sharkey and hooked both hands to the face. Dempsey's right eye was bleeding badly. Dempsey came in again with a short right to the body and lifted Sharkey's head with a right uppercut. Sharkey missed a right uppercut and took two smashing jolts from Dempsey's left hand. Sharkey missed frequently as Jack bobbed about. Dempsey nailed Sharkey with a left hook fully on the jaw, driving the sailor into a defensive crouch in a neutral corner. They were plugging away at the bell.

ROUND FIVE

Dempsey appeared to be finding himself under the best of the milling. He shuffled out and skinned Sharkey's chin with a left. Sharkey stabbed Jack about the head, but Dempsey caught a left hook on his nose. Sharkey spit blood as Dempsey swung in close for another short-armed body attack. Sharkey met him with a right uppercut coming in, but Dempsey landed a two lefts to the ribs. Sharkey landed a straight right to the head and Dempsey clinched. A cut appeared on Dempsey's left cheek. Dempsey bored right back, throwing rights to the body, but taking Sharkey's left four times to the head. Sharkey hooked a solid left to Sharkey's head and the sailor wobbled. Another left drove Sharkey back, but the Boston boy came out as the round ended.

ROUND SIX

Sharkey, apparently much fresher than Dempsey, was playing a waiting game. He let Dempsey rush him again and Jack missed a long left to Sharkey's head. Sharkey was shot with a left to the chin but his right

worked dexterously over him while men with sharp knives cut off his frozen clothing. The others stood back in a semicircle, talking in undertones.

"It's Frank Barstow, the mine boss from Deep Canyon, and the strongest man in three counties," muttered a tall man, "but where he came from tonight is a mystery. He came right down the main street on snowshoes, but when we ran up, he was unconscious, didn't even know we were there, but kept right on tramping. We brought him in. No man alive could have tramped all day over the pass, through that storm, from Deep Canyon, but there's a cabin in between. It beats me."

Sears, Roebuck and Co.

OUR SECOND RETAIL DEPARTMENT STORE

OPENS SATURDAY JULY 23

at NINTH and BOYLE

You Are Cordially Invited to Attend

OW, another store is ready! At 9:00 o'clock tomorrow morning we will open the doors of our new five million dollar building to the people of Los Angeles. Be sure to see this beautiful structure.

The upper floors house the Mail Order Departments which will furnish the needs of hundreds of thousands of families in the West Coast States.

Our Retail Department Store covers our entire main floor, where practically everything you need for yourself, your family, your home, and your auto can be bought over the counter.

Beginning Saturday, July 23

Los Angeles and vicinity will be served by two Sears stores, in which you can buy and save.

Both are easily accessible from any part of the city.

Both are out of the crowded downtown districts, away from heavy traffic and dangerous intersections.

Both have large free parking spaces.

Both will save you money on your purchases.

Both will adhere strictly to the Sears' famous policy of "Absolute Satisfaction or Your Money Back."

Do Not Fail to Attend

At 9:00 Tomorrow Morning the doors will be opened at Ninth and Boyle, and will remain open until 9 P. M.

Inspect the store. Let us show you through the Mail Order Departments. Examine the quality of our merchandise—then compare our prices!

We feel confident that your next step will be to join our veritable army of satisfied customers, which numbers more than eleven million families.

Reached by Street Car or Auto

Located at the junction of Ninth St. and Boyle Ave.

"R" Cars on Seventh Street, bring you to our door.

Either Ninth Street or Boyle Avenue offer the autoist a direct route to our store, where plenty of free parking space has been provided.

Use Our Free Parking Spaces

They are immediately adjacent to our store entrances.

We have provided enough space to park hundreds of cars at one time.

No Heavy Traffic No Hunting for Space

Our attendants at both stores are at your service.

Drive Right In

Open
Saturday
9 A. M.
to
9 P. M.

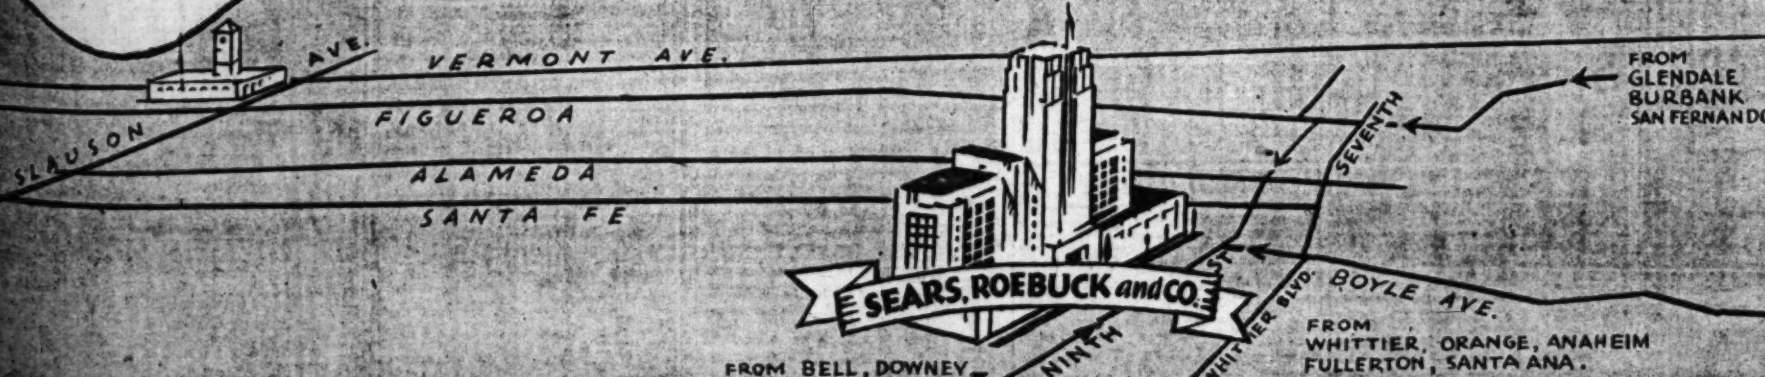

Our Mail Order Store

Which occupies the upper eight floors of this five million dollar building

Will Be Open for Inspection

Regular tours, with guides to explain our methods, will be conducted throughout the day and evening.

Saturday, July 23

PER CAPITA WEALTH HIGH

Residents of Los Angeles Would Share Handsomely
in Distribution; Deposits \$823 Each

BY EARLE E. CROWE

If such a thing as a division of wealth were attempted in Los Angeles, the fortunate residents of this city would be the envy of the model for all socialistic schemes of this sort. After each citizen had pitched his tent on the real estate allotted to him, and drawn his share of money out of the banks this would be the veritable site of the fabled city of wealth, in which each resident would have at least a modest fortune, compared with what the per capita for the nation is.

The banks in Los Angeles alone—30, last, which brings the actual total for the city down to \$823.54, 212.73, or a per capita in bank deposits of \$823.

SAVINGS LARGE

Banks reporting outside deposits include the Pacific-Southwest, Security Trust and Savings, Merchants National, Citizens' Trust and California Bank. The Pacific-Southwest showed the largest outside deposits amounting to \$100,077,933. The Bank of Italy deposits outside of Los Angeles are reported through San Francisco headquarters.

Further refinement of the bank figures discloses that the people of Los Angeles are diverting a high percentage of their money into savings accounts. On a total of \$650,184, 282, the per capita amount figures out at \$481, or more than one-half of the per capita of total bank deposits reported by the Los Angeles banks.

How much the banks contribute to the wealth of the city through the payment of interest and dividends is told in the figures of interest and dividend payments for the first six months of the year. This amount was \$15,344,108, or an annual rate in excess of \$80,500,000. This is the equivalent of \$11.60 each for six months for each resident of the city and an average distribution of \$44.4, 708 semi-annually for each of the thirty-seven banks in the city.

Securities of

International

Bridge Offered

Representing the largest loan ever floated for a privately owned toll bridge, public offering will be made today of \$20,000,000 Detroit International Bridge Company securities to finance construction of a new international bridge connecting the United States and Canada at Detroit. Offering is being made by a group headed by Hemphill, Norris & Co., Peabody, Houghtling & Co., and Bond & Goodwin & Tucker, Inc.

The securities consist of \$12,000,000 first mortgage bonds and \$8,000,000 twenty-five-year participating sinking fund 7 percent gold debentures. Both classes of securities are priced at 100 and secured interest.

The bonds will be the obligations of the Detroit International Bridge Company and Canadian Transit Company, all of the outstanding capital stock of the company being held by the latter. Security for the bonds will consist of a first mortgage on the bridge, franchise, etc., valued considerably in excess of the issue.

New Issue of

Edison Stock

in Big Demand

Up to 3 p.m. yesterday, the first day of the offering of the new Southern California Edison Company 5 1/2 percent preferred stock, 208 subscriptions for a total of 6854 shares, aggregating \$717,850 par value, were received in the investment department of the company in Los Angeles. R. H. Ballard, executive vice-president and general manager, announced last night.

These figures are for Los Angeles only and do not reflect the sales received the first day of the offering in other sections of the company throughout Southern and Central California.

PROGRAM OF UNION

TOBACCO GIVEN OUT

NEW YORK, July 21. (AP)—Final plans for establishing the United Tobacco Company in the tobacco manufacturing business were outlined today by George J. Whelan, foremost sponsor of the new organization. The union recently by the purchase of Columbia Steel Company and the Forged Steel Wheel Company by the American Rolling Mills Company.

HUGE SHIPPING DEAL

PENDING IN CANADA

VANCOUVER (B. C.) July 21. (Exclusive)—Negotiations have opened between the Canadian Government and the United States Government regarding the proposed sale of the Canadian Maritime Commission's fleet of ships to the United States.

STEEL COMBINE

RUMORS DENIED

NEW YORK, July 21. (AP)—J. A. Topping, chairman of the Republic Iron and Steel Company, denied that the Republic will be included in a combination of independent steel companies as has been reported in the past few days. The reports had been stimulated by the purchase of Columbia Steel Company and the Forged Steel Wheel Company by the American Rolling Mills Company.

TWO "TIMES" HOLD LEAD

IN FINANCIAL ADVERTISING

The two newspapers in the United States which exceed all others in financial advertising are published on opposite sides of the continent, but in other respects they have many points of similarity. Each is called "The Times," each is a morning newspaper; and each has the largest good circulation in the largest city on its respective seaboard.

GOODYEAR LONDON

SECURITIES SOLD

NEW YORK, July 21. (AP)—An issue of 800,000 pounds sterling of debenture stock of Goodyear Tire and Rubber Company, Ltd., has been sold in the London market by Baring Brothers & Co., Ltd., the proceeds to be used to finance the opening of Goodyear's new manufacturing plant in England.

BAKERSFIELD TEST

MAY PROVE GUSHER

BAKERSFIELD, July 21. (AP)—With gas pressure held down by a 4000-foot column of heavy drilling mud, Pacific Eastern Production Company's wildcat oil well just south of the city limits is being treated as a gusher well by drillers who plan to make production test within three days.

FIRST ARIZONA

BANK RENEWS

Fifty-Year-Old Institution Rechartered; Prescott Site Enchanged

PRESCOTT (Ariz.) July 21. (Exclusive)—After fifty years of operation, the Bank of Arizona, the oldest financial institution in the State, has renewed its charter. It was founded July 2, 1877, by Sol Lewis, Martin W. Kales and John L. Cooper, all of whom died in California. Cooper at the time of the bank's inauguration was Territorial Secretary.

Of the authorized capital of \$100,000, only \$50,000 was issued on the first day the bank opened, and this amount has never been changed. Neither has the bank been moved from the site on which it originally started business.

Stock Permit

Given Calpet

Tanker Unit

Application of the California Petroleum Steamship Corporation for a permit to issue all of its 100,000 shares of \$100 par value stock has been granted by J. M. Friedlander, State Corporation Commissioner. The company will control and manage the ships, tankers and barges of the California Petroleum Corporation.

None of the stock will be sold to the public. Each of the seven incorporators will receive one share of stock for cash, an aggregate of 1725 shares will be issued to the California Petroleum Corporation in exchange for the steamship Washington, Barge No. 1 and other equipment. An aggregate of 31,566 shares of the new company will be issued to the California Petroleum Corporation of Virginia in exchange for other equipment. The remainder of the stock, 66,702 shares, will be issued to either or both of the California and Virginia corporations at par for cash.

A permit has also been granted to the California Petroleum Corporation of Virginia to sell 27,818 shares of its capital stock to its employees. The Virginia Company is a holding company for the California operating company, and under its plan any employee after three months' employment may subscribe to stock in the company at 75 percent of his annual compensation.

\$20,000,000

Detroit International Bridge

\$12,000,000

First Mortgage Sinking Fund 6 1/2% Gold Bonds

(CLOSED MORTGAGE)

To be dated August 1, 1927

To mature August 1, 1952

Mr. Joseph A. Bower, President of the Detroit International Bridge Company, advises as follows:

PROPERTY: The Detroit International Bridge, when completed, will be a toll bridge extending across the Detroit River to connect Detroit, Michigan, with the Border Cities of Ontario, Canada.

SECURITY: These Bonds, in the opinion of counsel, will be the direct joint and several obligations of the Detroit International Bridge Company (of Michigan) and of The Canadian Transit Company (of Canada).

EARNINGS: Messrs. Coverdale & Colpitts, Engineers, estimate that there should be available during the first year of operation net income (before depreciation and Federal income taxes) of \$1,232,833 or approximately 2.6 times the maximum annual interest charges on this issue.

PARTICIPATION: The Debentures (when issued in definitive form) will have attached thereto warrants or coupons entitling the holders to a participation in the semi-annual consolidated net earnings (to be defined in the Trust Agreement but after interest and sinking fund requirements on the First Mortgage Bonds and Debentures, Federal income taxes and dividends on preferred stock).

Price 100 and Accrued Interest

Legal details in connection with these issues will be passed upon by Messrs. Beekman, Bogue, Clark and Griscom of New York and Messrs. Simpson, Thacher & Bartlett of New York for the Bankers and by Messrs. Cook, Nathan & Lehman of New York and Messrs. Sherron, Sherman, D. Callender of Detroit for the obligor Companies, and in respect to questions of Canadian law by Messrs. Tilley, Johnston, Thomson and Farmer of Toronto and Messrs. McGilver, Haydon and Ebbs of Ottawa and Messrs. McTaggart, Clark and Racine of Windsor. The plans and specifications have been approved by Messrs. Monsarrat and Pratley, consulting engineers, of Montreal and by Mr. Ralph Modjeski and Mr. Clement E. Chase. Modjeski and Chase have been retained as consulting engineers during construction.

We offer these Bonds and Debentures for delivery when, as and if authorized, issued and accepted by us, subject to approval of legal proceedings by our counsel. It is expected that delivery of temporary bonds and debentures, exchangeable for definitive bonds or debentures, when ready, will be made on or about August 5, 1927. The above is subject to circulars, containing further information which may be obtained on request.

ADVANCE FINDS
GOING HEAVIER

(Continued from Eleventh Page)

New York Federal Reserve Bank was continued unchanged at 4 per cent. One of the most interesting trade developments of the day was the reported stiffening in copper prices which was reflected in a moderate advance in securities of leading copper producers and refiners. Wide-spread interest also developed in the meeting of Oklahoma Corporation Commission which has been asked to force a curtailment of production in the Seminole field, but oil shares showed only narrow and irregular changes.

Recent strength of General Motors, which touched 216 today, has set in motion a wide variety of rumors regarding stock split up and special dividend action, but these are pure conjecture. Hudson and Mack trucks were heavily accumulated toward the close, each closing more than 2 points higher. Other motors showed little change.

TOBACCO STOCKS
Tobacco stocks were well bought on reports of better earnings, new crop prices being reported by the American Tobacco issues, Congress Cigars and Lorillard. Other issues to break through their previous high marks, not all of which closed higher on the day, however, were Allied Chemical, American Locomotive, American Steel and Foundry, Brown Shoes, Fields Company, Consolidated Gas 5 per cent preferred, Continental Can, Dupont, Eastman Kodak, Erie Steam Ship, Fleischmann, Gabriel Snubner, Inland Steel, Manchester Shirt, Midland Steel Products, preferred, Radio Corporation, Sears-Robuck and Union Carbide.

National Team broke 13 points on a few sales and then recovered about a third of its loss and heaviness dropped out in mid-afternoon, strong spots as American Steel and Foundry, Fuel, Coty, General Railway Signal, and United States Cast Iron Pipe. Renewed heaviness of Light Metals had a depressing effect on the speculative sentiment in rails, although Colorado and Southern and Gulf Mobile and Northern reached new high ground.

Commodity prices moved within narrow and irregular limits. Foreign exchanges were irregular. Demand sterling and French francs held around 100-10 and 9.91-10, respectively, but some of the other European rates eased slightly. Japanese yen rallied 10 points to 47.65 cents.

NOTICIAS MUNDIALES

¡LEA LA LINGUA!

Atendiendo a la importancia que tiene al estudio del español en los Estados Unidos, particularmente en esta gran metrópoli tan inmediata a nuestro país hispanoamericano, diariamente aparece en "The Times" una sección española con algunas interesantes noticias de última hora. Tres veces por semana se insertará una lección práctica elemental de castellano, y los lunes encontrará la lección de sección para el día siguiente. Los estudiantes desean aumentar sus conocimientos de español les conviene leer esta columna todos los días.

**PIRATES ATTACK
NORWEGIAN SHIP**

El viejo sistema de pura extirpación de los piratas en el Mar del Sur del Océano Índico, que se redujo en un 72 por ciento las pérdidas por arbolado quemado. Han sido los malos estos resultados durante estos dos últimos años, que han sido excepcionalmente pródigos en piratería, no los había habido pocos desde el año 1911.

Las Malas Dentaduras Pueden Provocar la Demencia

LONDRES, Julio 21.—El correspondiente de la Westminster Gazette comunica que el doctor William Hunter, jefe en un miting de la Sociedad Médica Británica, que una gran proporción de los asilados de los manicomios deben su deterioro mental a las malas dentaduras, provocado sobre todo por las malas dentaduras.

KOREA WEDDING
PLAN DEFENDED

PLAN DEFENDED

HONOLULU, July 21. (P)—The Institute of Pacific Relations entered on its fourth day today, with discussion concerning the people and food supply of Indonesia and international education.

Helen Kim, dean of Swarth College at Seoul, Korea, declared that in that country where parents arranged marriages for their children the system would not easily be cast out. Koreans, she said, are trying to amass fortunes the same as other people, and she said that the system was still along lines of popular education.

Your Investments

rodavía Andan Libres los Plagiaros de un Tesorero de Condado
STURGEY (Ohio) Julio 31.—Todavía hoy no se les había podido echar el guante a dos hombres que secuestraron al señor Alfonso Berry, tesorero del condado, y le robaron \$100 de contribuciones recién recaudadas. Ayer tarde, a última hora, fue encontrado el automóvil robado en un automóvil en el preciso momento en que salía del Palacio de Justicia para cruzar la calle y entrar en el Primer Banco Nacional. Nada se supo del robo sino hasta unas horas después de ocurrido, pues Berry fue condecorado al coche en la ciudad, robado, y arrojado luego en un sembrado, bien llgado y camuflado.

Distribución Gratuita de Cerveza No Alcohólica
Las familias del vecindario de San Fernando Road y la avenida de Dayton disfrutaron ayer de una distribución gratuita de cerveza no alcohólica.

WATER OFFICIAL CALLED BY JURY

Van Norman Summoned in Aqueduct Inquiry

Two of Board's Counsel and Watson Also Wanted

Indicted Rancher's Neighbors Testify in Dull Day

BY CHESTER G. HANSON

INDEPENDENCE, July 21.—After appearing to be on the verge of taking a recess, the Inyo county grand jury today took a new course in its investigation of the dynamiting of the Los Angeles aqueduct by summoning witnesses whose testimony apparently poured new blood into what was promised of degenerating into an anemic affair.

The second day of the jury's investigation dragged along until noon, and the indications were that nothing exciting would be forthcoming from the jury-room. But the noon recess was marked by District Attorney Houston issuing subpoenas for three persons which were handed to Sheriff Hutchinson with instructions to have the trio ready to testify before the jury at 2 o'clock.

NEIGHBORS CALLED

Those called were Mr. and Mrs. C. A. Thompson of Big Pine and Mrs. Minnie Cox of Bishop. When this was learned reports began buzzing around the valley town that the jury must be looking into the Watson affair.

Mr. Percy Watson is a well-known charge in Contra Costa county of illegal possession of explosives.

THE local gossip tied up the grand jury's investigation to the major because Mr. and Mrs. Thompson live across the road from the major's ranch here, and Mrs. Cox is the major's former sister-in-law.

Both the Thompsons were in the grand jury room, but Mrs. Cox was absent from her home and could not be reached by the sheriff. She sent word that she will be on hand tomorrow.

VAN NORMAN WANTED

The day's events were marked further by Houston notifying the city forces that the grand jury would like to have before it H. A. Van Norman, assistant engineer for the water board, Attorney W. D. Mathews for the water board and Clarence Hill of counsel for the city.

He sent word to them that they could come at their own convenience while the grand jury is in session or at a date some time next month. He was agreed upon. Up to adjournment time this afternoon he had not heard from them.

Shortly after the jury adjourned today at 5 o'clock the street gossiping relative to Maj. Watson received substantial verification when the major's name was among four for whom subpoenas were issued. The other three were Mrs. Dorothy Satter, another neighbor of Watson; J. O. McIntosh, Big Pine garage man, and Mrs. Bena McMurry.

WITNESSES SOUGHT FOR WATSON'S TRIAL

MARTINEZ, July 21. (Exclusive)—Three local attorneys, J. E. Rodgers, P. Bray and T. D. Johnston, will leave tomorrow for Inyo county to interview prospective witnesses there on behalf of Maj. Percy Watson.

Owens Valley rancher under indictment in Contra Costa county on three counts charging illegal possession of explosives. The action of the lawyers, part of Watson's defense battery, indicates the most stubborn kind of fight by the defendant, who is called to trial here.

The explosive which Watson is accused of possessing in the aqueduct, which weeks ago will bring the accusation from the Los Angeles Water and Power board that they were used in dynamiting the aqueduct.

Watson is scheduled to plead to the three counts next Wednesday.

In addition to the residents of Inyo county expected to appear for him, his attorneys plan to subpoena members of the Los Angeles Water and Power board in an attempt to bring forth all the ramifications of the long fight between ranchers of Owens Valley and the city of Los Angeles over the water supply.

CRIPPLED BOY STRIVES FOR EDUCATION

Paralyzed Youth Builds Model Ships in Wheel Chair

Junior Brown in His Outdoor Workshop

A SKILLFUL builder of model ships, though paralyzed from his hips down and his arms partly crippled, is Junior Brown, 16 years of age, of Long Beach. His mother, Mrs. Brown, is a widow and hopes to earn enough money in this way to study art, which he wishes to follow as a career.

He does most of his work out under the trees.

PRISONERS MAKE GOOD ON PAROLE

Only 4.55 Per Cent Freed from County Jail Fail to Preserve Rules

Only 4.55 per cent of the County Jail misdemeanors prisoners have proved failures while on parole, leaving 95.45 per cent who have made good during the quarter-year ending June 30, last, according to a report filed yesterday by Robert E. Gregory, secretary of the County Parole Board.

Incidental to the report on the number of paroles, it was pointed out that the county is saving \$1728 a month, or \$65,328 annually by releasing the 216 men on monthly parole. It costs the county about \$11.0 a day for food and overhead for the jail, and while these men are on parole the county is saved this cost. The parole board also collected \$1900 in fines.

While the board does not place its new system of parole upon a shoddy basis, it asserted that the system has been successful so far both financially and from the viewpoint of the future conduct of the paroled prisoners.

BEACH BUS LINE PLEA PRESENTED

Delegation's Spokesman Tells Councilmen Petition Has 30,000 Signatures

Headed by George Walters, a delegation of several hundred men and women from the Venice, Mar Vista and Barnes City sections of Los Angeles appeared before the City Council yesterday and filed a petition asking that a municipal bus line be established between the central part of the city and the Venice and adjacent districts.

The petition, which Mr. Walters said, bore the signatures of 30,000 Los Angeles people, asked that the round-trip fare between Los Angeles and Venice be 25 cents. Mr. Walters added that the present round-trip fare to Venice on the Pacific Electric is 70 cents and no relief could be obtained from the railway or the State Railroad Commission.

The petition was sent jointly to the Board of Public Utilities and to the Council's Public Utilities Committee.

HOT WEATHER SCORES FIRST CASE OF PROSTRATION HERE

The first case of heat prostration here this season was recorded yesterday at San Pedro when H. Torquist, 39 years of age, a winch driver of 438 South Palms Verdes street, was taken to the Los Angeles Emergency Hospital in an unconscious condition, where he was treated by Dr. F. McLean Campbell and removed to the San Pedro General Hospital. His condition was reported last night as serious.

Although the temperature was higher yesterday than Wednesday, the heat was not so oppressive, the weather observers said, because of the lowering of the humidity. The slight rainfall which visited Los Angeles and vicinity served to lessen the humidity and make the higher degrees more comfortable.

The weather bureau has predicted fair and warm weather for today and Saturday.

The record for warm weather here at this time of the season was registered in 1921, when the mercury climbed to 109 deg.

Today's Bible Text TRUST IN PROVIDENCE—Cometh thy way unto the Lord; trust in Him; and He shall bring it to pass.

MELINE DEFEAT CITY HALL TOPIC

Colden Denies Enmity for Harbor Commissioner

Barnes Issues Statement Explaining Interview

Cryer Not Prepared to Make New Nomination

The City Council's rejection of the re-appointment by Mayor Cryer of Frank Meline to the Board of Harbor Commissioners continued to be the chief topic of gossip at the City Hall yesterday.

Councilman Colden again denied yesterday that he had any grudge against Meline and denied that he (Colden) sought to dictate the appointment of Meline's successor by controlling confirmation by the City Council. Former Councilman A. J. Barnes issued a statement denying that he had tried to "propose" Meline to obtain Meline's confirmation as harbor commissioner.

CRYER UNDECIDED

Mayor Cryer is not prepared now, he said, to send in another appointment to the harbor commission in place of Meline, and said that it would be difficult to find another as high type of citizen as Meline to give his time to the harbor commission work.

Former Councilman Barnes in his statement as to his version of his visit to Meline's office said: "I received on the 14th inst., a telephone call from the office of Frank Meline inquiring as to the list price of certain properties which the Meline company has on sale for me. In reply thereto I called at the office personally on the following day."

"I said, 'I understand, Meline, you are in a jam in this Harbor Board appointment. What is the matter?'"

"He said it was Colden who was opposed to him."

"I then said, 'Well, if you really want the appointment, I shall be glad to speak to Colden with whom I am on good terms, and maybe I can iron out the matter.'"

MELINE'S REPLY

In reply he said that inasmuch as his name had been submitted for the appointment, he declined to have it turned down, but otherwise he did not care whether he got the appointment or not. But he added, "It would give Colden too much satisfaction to have you go to him on the matter and I would prefer that you do not."

"I said, 'All right, that settles it as far as I am concerned. I thought I might help you, but don't want to butt into your affairs.'"

"This is substantially all that was said. No reference was made in any manner to Colden having sent me, nor was any mention made of what I should be worth to Meline to have the appointment."

CITY STORM DRAIN WORK SUSPENDED

Council Acts in Move to Eliminate Projects Held to Be Unnecessary

The City Council yesterday ordered all engineering work on the designs and plans for the \$60,000,000 storm-drain program now in preparation discontinued until the Councilmen have examined all storm-drain projects proposed for their districts and determined which are necessary and which are not necessary.

The Council will then, on recommendation of the district Councilman, direct that engineering work be resumed on projects deemed necessary.

The Council's drastic action in stopping design work on all storm-drain projects was made on recommendation of the Council's Public Works Committee, which took the position that many districts were overburdened with assessments and that examination of the projects might show that many of the storm drains could be delayed.

Councilman Shaw said that he knew that all the storm drains proposed for his district were necessary, and so he voted "no" on the adoption of the committee's report.

The persons who took charge of the collections had no authority to do so under the by-laws of the church. In Mrs. McPherson's absence I am responsible for all money collected. It is up to Mrs. McPherson, as president, to authorize and carry out orders to rectify the matter. Until she gets home nothing will be done by me."

According to Mrs. Kennedy the group still has charge of the

The Lancer

by Harry Carr

YOU stripped the bunk and hypocrisy out of the Geneva conference, it wouldn't look so well in print.

Especially on the part of England.

Having in the Rodney and the Nelson the two finest battleships afloat, she naturally expresses the ambition to limit the size of battleships—for other nations.

Having an immense merchant fleet which she might turn into warships in time of need, she would like the United States and Japan to limit the size of their cruiser guns to six-inch caliber—against which an armored merchant would stand a chance.

MOTHER SONGS

A truly alarming report has come from Tin Pan Alley, where the popular songs are hammered out.

That they are going to drop jazz and go back to songs of sentiment. Probably about old gray-haired mothers and with choruses that begin—"and then to me she did say . . ."

ROYAL GRANDEUR

It is very sad, indeed, that His Royal Highness Archduke Leopold is broke; but he isn't adding much to the glory that was Austria's—hanging second Hollywood trying to fight long-distance duels with diplomats who will not come through with a loan.

I fear that many of the other grantees of the world would be very much the same if seen at close range. I saw some official motion pictures taken at Kaiser Franz Josef's funeral; and the collection of royal ladies were the dowdiest-looking bunch of females ever collected in one spot.

It gives point to the Hollywood incident where a director threw a lady with a royal title off his set because she didn't know how to walk like a court lady—having been nothing else all her life.

THE WOODS ELF

No little elf ever walked to the altar with more good wishes than the "little daughter of the woods" who is to marry the son of a much-used and much-sung Stillmans.

How must be a rare devotion that would give up the Canadian woods for the suburbs and smogs of New York.

The only thing that you can have for nothing in a big city is unhappiness; there is a lot of that on tap. The rest you have to pay for; and you have to pay too much.

TOUGH BOYS

Out of 3800 prisoners in San Quentin the average is 25 years, 6 months. Not a cheering prospect for those who pay taxes. Of the 3800, most of them will always be criminals. We will have to board them for life in the intervals of paying the cost of catching them.

GENERAL BANKERS

Eastern bankers were quite scandalized at the recent convention to see the degree of professional geniality that has grown up in the banks on this Coast. The frozen-faced banker is as extinct as the dodo in these parts. The friendliest souls I know in any business these days are bankers.

I imagine they will listen to anything. For heaven's sake, go around and read them your scenario and let me be.

WHENCE COMES OIL

Another scientist, this time a German, has told us about the nature and origin of oil. The de-

JURY CONVICTS BOY MURDERER

Deliberation Ends After Fifty-five Hours

Verdict Carries Ten Years to Life Sentence

Two Men Revealed as Cause of Decision Delay

Fourteen minutes after reporting to Superior Judge Brown that there was but a remote possibility of reaching a verdict in the case of Durward Wittenmeyer, 16-year-old boy murderer of Mrs. Fannie Weigle, the jury found the lad guilty of second degree murder.

For fifty-five hours the nine mothers and three fathers had deliberated over the boy's fate, but every report of the jury's progress revealed that one of its number was holding out for acquittal.

Judge Brown set Monday at 10 a.m. as the time for sentence when young Wittenmeyer automatically will be condemned to San Quentin penitentiary from ten years to life, inasmuch as the jury failed to accompany its verdict with a recommendation for leniency.

Two men hold out. As the jury filed into the courtroom, the youthful slayer twisted his thumbs nervously and strenuously chewed gum. Though he was visibly impatient with the long-drawn-out session, which consumed two nights and three days exclusively in deliberation, Wittenmeyer failed to reflect a trace of emotion at the decision.

Surprise was evinced when it became known that two men had alternated in holding out against a guilty verdict throughout the fifty-five hours. Instead of a woman, as was persistently rumored in the courtroom.

For the first thirty-six hours, A. E. Allison, a retired farmer, living at 210 West Seventy-third street, obstinately refused to be reconciled to the verdict sought by the other eleven jurors. Though it was not openly announced in court, it was learned that a letter ballot stood 10 to 3 for conviction, Edward S. Melser having joined Allison. Another ballot taken fifteen minutes later indicated that Allison had relented, finally agreeing to a verdict of second-degree murder, but from here to the fifty-fifth hour, Melser held out for guilty in the first degree, the equivalent to life sentence in San Quentin.

NO APPEAL PLANNED. The youth, who murdered Mrs. Weigle with an automobile spring steel on the streets of Pomona, two nights after being released from the Whittier State School, was returned to his cell in the County Jail pending formal sentence Monday. His father was not in court when the verdict was returned.

Judge Brown complimented both the prosecution and defense at the conclusion of the trial. Public Defender Aggeler and his assistant, David, represented Wittenmeyer, while Dep. Dist. Atty. Fisher and Clark represented the state.

Mr. Aggeler declared that he did not contemplate asking a new trial or appealing the verdict. "All along it has been the bottom of Wittenmeyer's father to confine the boy to some institution where he may receive medical treatment," he said. "It has not been his intention to set the boy free upon the community."

Through the enactment of a measure at the recent session of the Legislature, reducing the term for second-degree murder from ten to five years to life imprisonment, Wittenmeyer will be eligible for parole in 1932, Judge Brown said.

MRS. CRABILL LAID TO REST; 600 AT RITES

First Methodist Church Made Bower of Flowers by Offerings of Friends

Mrs. Della C. Crabill, who died Tuesday night after a long illness, was laid to rest yesterday afternoon in the family plot at Hollywood Cemetery.

Mrs. Crabill was the wife of S. W. Crabill, general manager of The Times-Mirror Printing and Binding House.

Funeral services were conducted at the First Methodist Church at 2 p.m., with Dr. S. L. Westhauser officiating. The rostrum was banked with floral pieces from the 600 friends who attended the services.

Dr. Westhauser read Scripture, gave a prayer and delivered the sermon. The services were closed with a duet, "Some Day We Will Understand," by Mr. Proctor and Mrs. Joseph.

Ushers at the services were from the Al Malakiah Shrine patrol.

Mrs. Crabill, until her illness more than a year ago, had been prominent in church, club and charity circles for many years. She had been an active worker in the First Methodist Church, the Young Women's Christian Association and other organizations and was an active member of the Friday Morning Club.

Besides her husband, Mrs. Crabill leaves her mother, Mrs. Carrie M. Hixson, a brother, Charles R. Hixson, and a daughter, Mrs. Richard Alter, all of Los Angeles.

Driver Admits Manslaughter, Asks Probation

James O'Brien, charged with manslaughter in connection with the death of Mrs. Mabel Huston May 1, last, yesterday pleaded guilty before Judge Hardy and filed application for probation which will be heard August 12.

O'Brien is asserted to have fatally injured Mrs. Huston when he ran her down with his automobile on Santa Monica Boulevard near Wellisley avenue. He had previously entered a plea of not guilty to the manslaughter charge, but changed his mind yesterday and decided to take a chance in his application for probation.

One air mail for speed.

BATTLES OVER GIRL BELIEVED NEAR END

Owner of Raided Barge Asks Restraining Order

Keyes and Traeger Called on to Appear Monday

Craft Declared to be Beyond State's Jurisdiction

Whether the long arm of the law, as exemplified by Sheriff Traeger and Dist. Atty. Keyes, can reach more than three miles seaward and arrest deep-sea gamblers is scheduled to be decided in Federal court next Monday.

This was determined yesterday when Tudor Scherer, owner and operator of an asserted gambling barge anchored three and one-half miles off Venice, appeared in Federal Judge Henning's court and asked for a restraining order preventing the two county officials from interfering with his "business."

Tudor recited that three weeks ago some of Traeger's officers had raided his barge and arrested two of his men, but he maintained that the barge was anchored at a distance off shore that took it out of the jurisdiction of the State courts.

Judge Henning declined to issue the temporary restraining order, but ordered Keyes and Traeger into his court Monday to show cause why a permanent injunction against them should not be issued.

In making his petition to the court Tudor frankly admitted that he had invested \$10,000 in gambling paraphernalia to equip his barge, but asserted that he was making a profit of only \$100 a week from the investment. The case against the two men that were arrested in the barge raid still is pending in the Municipal court.

CHILD AGAIN INVOLVED IN COURT MOVE

Father Asks to be Named Guardian of 5-Year-Old Jean Lee Pyle

Once again little Jean Lee Pyle, 5 years of age, is in court. She is the little girl over whom her father, John Pyle, once spent six months in jail. Yesterday he filed a petition in Judge Cral's court asking that he be appointed her guardian as a result of the death a month ago of her mother, Mrs. Elva Pyle.

Thus apparently approaches its end one of the bitterest contests ever waged in the Superior Court. Several years ago, while Jean was a baby, Mrs. Pyle sued for a divorce. Judge Summerfield awarded her custody of the baby, but by that time Pyle had spirited the child out of the State. Despite the court's order he refused to bring her back. Judge Summerfield thereupon committed him to jail, where he remained six months rather than yield.

Eventually the parents decided to make up. Pyle had the baby brought back and he was let out of jail. Again the couple quarreled and another divorce suit was started.

After Mrs. Pyle's death last month it was found she left a \$10,000 estate to little Jean. The child was delivered into Pyle's custody and the present action is to enable him to manage her inheritance.

MILLION ASKED IN JULIAN SUIT

(Continued from First Page)

that the original contract executed between himself and Judson be carried out. In addition, he asks actual damages of \$750,000 and punitive damages of \$250,000.

MONEY LENDER SUED

Following their announced policy of filing civil suits against money lenders who decline to return profits of loans to Julian Petroleum Corporation pools, Carnahan and Scott, the receivers, filed an action in Superior Court against Philip Grossman, asking judgment of \$5000.

The sum requested is triple the sum of asserted usurious interest charged by Grossman on a loan to a Julian Corporation pool.

H. Gutterman, who was indicted with fifty-four other prominent Los Angeles business men, was arraigned yesterday before Superior Judge O'Donnell. Attorneys representing Gutterman endeavored to have the indictment dismissed upon constitutional grounds without success. The date for plea was set for August 8, next.

Gutterman's surrender leaves but four men indicted by the county grand jury still at liberty. According to the District Attorney, the men still wanted are H. Gordon and Abe Freil, expected to return voluntarily from a trip to Europe, and A. Swanson and Jack Bennett, fugitives.

BACKING GROWS FOR LARGE DAM

(Continued from First Page)

wasted water; that plans for a 425-foot dam to impound 240,000 acre feet of water were prepared, adopted and financed by Legislature, board and electorate authority; that subsequent to the board substituted plans for a 385-foot dam to impound 180,000 acre feet and did so without authority—all of which, it was complained, is illegal and will result in failure to carry out either flood control or water conservation as needs be, and so would work irreparable damage to plaintiffs and others in the valley.

Before the complaint was filed, representatives of the valley fought through W. H. Anderson, their attorney, protested again to the board against building the assertedly inadequate small dam. At one point in the conference Supervisor Bean is reported to have tried "dial up" to some of the protestants to which Mayor Hauge of Long Beach replied to Bean: "You ought to be impeached." Bean apologized for his remark later.

RECORD PACKAGE GETS TO CITY BY AIR MAIL

What is said to be the largest package ever delivered by air mail in the United States arrived here yesterday from New York. It was a quantity of raw film weighing 400 pounds for the use of Cecil B. De Mille, sent from the Metropolitan office to the Pacific Coast distributors of the Dupont-Pathe Film Manufacturing Company.

SEA GAMBLING FIGHT IMPENDS

Owner of Raided Barge Asks Restraining Order

Keyes and Traeger Called on to Appear Monday

Craft Declared to be Beyond State's Jurisdiction

Whether the long arm of the law, as exemplified by Sheriff Traeger and Dist. Atty. Keyes, can reach more than three miles seaward and arrest deep-sea gamblers is scheduled to be decided in Federal court next Monday.

This was determined yesterday when Tudor Scherer, owner and operator of an asserted gambling barge anchored three and one-half miles off Venice, appeared in Federal Judge Henning's court and asked for a restraining order preventing the two county officials from interfering with his "business."

Tudor recited that three weeks ago some of Traeger's officers had raided his barge and arrested two of his men, but he maintained that the barge was anchored at a distance off shore that took it out of the jurisdiction of the State courts.

Judge Henning declined to issue the temporary restraining order, but ordered Keyes and Traeger into his court Monday to show cause why a permanent injunction against them should not be issued.

In making his petition to the court Tudor frankly admitted that he had invested \$10,000 in gambling paraphernalia to equip his barge, but asserted that he was making a profit of only \$100 a week from the investment. The case against the two men that were arrested in the barge raid still is pending in the Municipal court.

TEMPLE CALL DETAILS GIVEN

(Continued from First Page)

names of some of the so-called insurance racketeers are known to officials of the church as well as the asserted leader of the movement. These names will be turned over to Mrs. McPherson on her arrival, she said.

START OF TROUBLE

It appears the trouble was the outbreak, Mrs. Kennedy said, of her decision not to retain some of the teachers in the Bible school during the summer vacation. Some teachers were retained for the summer classes, Mrs. Kennedy said, but the classes were not large enough to keep them.

Whether the self-appointed committee, as Mrs. Kennedy termed it, plans to assume charge of collections which will be taken until Mrs. McPherson's return to Los Angeles tomorrow morning was not ascertained last evening. Mrs. Kennedy said she will do nothing in the event such a move is made in the future.

Mrs. Kennedy and Mrs. McPherson exchanged messages of love yesterday. In one wire to Mrs. Kennedy the traveling evangelist said she will arrive on Train No. 7 of the Union Pacific at Central Station at 9:30 a.m. tomorrow.

This is the first time Mrs. Kennedy has been in the city since she moved to Los Angeles last Saturday. After Mrs. Pyle's death last month it was found she left a \$10,000 estate to little Jean. The child was delivered into Pyle's custody and the present action is to enable him to manage her inheritance.

MOTHER SENDS WIRE

Last evening Mrs. Kennedy sent a wire to Mrs. McPherson, in which she said everybody was rejoicing because of her return and that "the entire church is solid," and that she, Mrs. Kennedy, has been undisturbed in spirit and mind.

That the new outbreak is having no effect on the spirit of the church is reflected in the fact that on Wednesday \$1000 was donated for Smith Wigglesworth, English evangelist, to establish six branch Anglusa Temple missions in Africa, Mrs. Kennedy said.

She said yesterday that a check of the church property disclosed only a few papers and a small amount of money were taken in the two burglaries last Saturday.

Rev. C. E. Jaynes, pastor of the temple's Riverside branch, yesterday added to the dispute when he said he was Mrs. McPherson's personal representative and that the dissonance was entirely between the evangelist and her mother. Each side asserted Mrs. McPherson is on its side, while a statement was attributed to the evangelist that Mrs. McPherson has been unsteady. This she denies.

Plans for Mrs. McPherson's homecoming are being pushed forward. Mrs. Kennedy said, and she expects thousands to be on hand at Central Station to welcome the returning evangelist.

THE LANCER

(Continued from First Page)

lightful feature of these theories is their great variety.

No two of them agree on anything. Meanwhile, by the time oil is gone, something else will be used as fuel. And nobody will care. The German says, by the way, that oil is not being exhausted, as they have told us; but is being turned out fresh by Mother Nature to meet the demand.

NEW YORK POLICE EXONERATED

NEW YORK, July 21. (P)—The New York police, accused at a public hearing in April of having accepted \$100,000 "hands off" money from the left-wing side of a seven-week fur strike, today were officially exonerated by Magistrate Corrigan.

SPRING PAVING RUSHED

To pave the new, straightened Spring street now being opened between First street and Temple street, the City Council yesterday appropriated \$57,000. The street opening is being rushed and the paving will also be hurried, as the City Hall will face on the new Spring street.

WOMEN'S MEETING
 Tomorrow Will
 Aid Church Work
 Speakers on Program
 for Fairness
 Also Given for
 August Gathering

The 1000 church women of the Los Angeles area will meet tomorrow morning at the Los Angeles Convention Center for the annual meeting of the Southern California Federation of Women's Clubs. The program for the day includes a breakfast, a luncheon, and a series of talks by prominent women of the community. The talks will cover a wide range of subjects, including the role of women in the church, the importance of fair wages, and the need for social reform. The meeting will be held in the large hall of the convention center, which is located at the corner of Broadway and Hill Street. The doors will open at 9 o'clock, and the meeting will continue until 4 o'clock. Admission is free, and all women are invited to attend.

MAIL-ORDER PLANT OPENING PREPARED

Sears, Roebuck Official Here for Ceremonies Tomorrow

Gen. R. E. Wood and Building

The \$5,000,000 Sears, Roebuck & Co. mail-order plant at Ninth and Boyle avenues is being prepared for its formal opening tomorrow. The building, designed by Gen. R. E. Wood, is a masterpiece of modern architecture, featuring a series of terraces and a central tower. It will house the company's mail-order department, as well as a retail store and a factory. The opening ceremony will be held at 9 o'clock tomorrow morning, and will be attended by Mayor Cryer, President D. F. McGarry of the Chamber of Commerce, Gen. R. E. Wood, and a large number of guests. The ceremony will include the laying of the cornerstone, the opening of the plant, and a series of speeches. The plant is expected to be one of the largest and most modern of its kind in the world.

Local Jewish Sororities Join National Order

Beta Tau Sigma and Sigma Omicron, Jewish sororities on the campus of the University of California at Los Angeles, were installed yesterday as Lambda chapter of Sigma Delta Tau, national Jewish sorority. The two sororities united to become a chapter of the national organization.

The installation ceremonies were conducted at 360 South Westlake avenue. Helen Less of the Gamma chapter from Ohio State University and Ruth Place from San Diego were present as representatives of the national sorority.

Pledging ceremonies and a banquet at the Concordia Club preceded the installation and a dance followed. Beta Tau Sigma was organized on the campus in September, 1926, and recognized next May. Sigma Omicron was organized in 1926 and recognized early this year. The national sorority was founded at Cornell University in 1917. It has ten active and six alumni chapters.

Funds Asked to Finish Floors in New City Hall

The Board of Public Works has asked the City Council to advance the board \$60,000 so that the construction of seven floors in the new City Hall which have been leased to the county for Superior courts, can be made ready for occupancy by November 1, next. The floors are in the tower of the City Hall and it had been intended to leave the floor space undivided until the city needed the office space in future years.

The county will pay the city approximately \$600,000 during the ten-year period for which the county has leased the space for court rooms.

ILLINOIS REUNION TOMORROW
 It is expected that thousands of former Illinoisans, now residents of Southern California, will gather at Bixby Park, Long Beach, tomorrow. Henry J. Brubaker is in charge of the day's festivities, the high light of which is to be a program of music and oratory beginning at 2 o'clock.

The Magic of the Silver Screen

—now brought right into your home

You've seen professional movies, of course. Hundreds of times. Now movies have taken another great step and brought amateur movies right into your home.

Real movies... of people you know. Children you love. Places you go. Movies that you've made yourself are now easy to show on your own silver screen. Come in today and let us demonstrate the Ciné-Kodak. It's the simplest of all Movie Outfits. And surprisingly economical. Get the facts about Home Movies from us.

BAIL-BOND SALESMAN ON HIS TOES

Officer Says Broker Asked About Case Before Woman Was Arrested

A ray of light has nothing in the matter of speed on local bail-bond brokers in quest of business it was revealed yesterday when Mrs. Isabel Romano, 1030 North State street, was arraigned before Municipal Judge Turney on Wright Act violation charges.

"Before we had even arrested the woman," stated Officer Margolis in his report, "a bail-bond salesman called the house and asked what charge would be filed and how much the bail would be."

Mrs. Romano was arrested when Officers Margolis and McCredie searched her home and reported finding a seventy-five-gallon still, forty-five gallons of liquor and thirty barrels of mash. Two minor daughters of Mrs. Romano, found in the house, were turned over to juvenile authorities, the officers reported.

Arraigned before Judge Turney on charges of manufacturing and possession of liquor, the woman asked additional time in which to enter a plea. Judge Turney set the plea for today and fixed bail at \$4,000.

COMMUNITY PLANNING EXPERT WRITING BOOK

Dr. Carol Aronovitch, author and expert on community planning, has just arrived from Berkeley and is in his Hollywood bungalow writing a book on the subject. He has been engaged by the University of California to lecture on the extension course this fall. Dr. Aronovitch stopped in San Francisco where he attended a conference on regional planning, and he also visited Berkeley where he is laying out a small peninsula city. The Parr Terminal Company and the city of Richmond engaged him to make plans for a truck boulevard connecting Richmond with Oakland, beginning at the end of the Richmond and ending at the Parr Terminal in Oakland.

SOCIETY

BY JUANA NEAL LEVY

One of the enjoyable affairs of the week was the family dinner party with which Mrs. B. F. Fearman of 331 South Manhattan place, her sister, Mrs. V. L. Griffin of Victoria, Tex., and cousin Mrs. Sarah T. Hadan entertained sixteen guests Tuesday evening all members of the family. The occasion was the eighty-first birthday anniversary of their aunt, Mrs. F. F. Wolcott of Redondo Beach. Mrs. Wolcott with her grand-nephew, C. R. Fearman, led the march, which was the first number of a dance program.

Miss Virginia Griffin, one of the guests on the occasion, will remain in Los Angeles for an extended visit with her cousin.

Home Again.
Miss Josephine Joplin, daughter of Mr. and Mrs. J. S. Joplin, has returned home from Vanderbilt University, in Nashville, Tenn., where she was graduated last month. Miss Joplin sailed from New York, June 30, aboard the Mongolia, coming to the coast by way of the Panama Canal.

For Distinguished Guests.
An important event in social as well as musical circles will be the garden tea and reception tendered Pierre Montoux, Mme. Montoux and Miss Montoux, Sunday afternoon, the hours being from 4 to 7 o'clock at the home of Mr. and Mrs. Erwin

H. Purman, 1750 Sycamore street, Hollywood.
Los Angeles chapter of Pro-Musica will greet the eminent French conductor his wife and daughter at this lovely affair. Pierre Montoux is one of the international advisory board of Pro-Musica.

The local chapter which numbers 400 musically interested Southern Californians is proud to have one of its prominent European representatives come direct to conduct in the summer season at Hollywood Bowl. Pierre Montoux directs the week's concerts of the Bowl beginning next Tuesday evening.

Mrs. Joseph J. Carter, president of Los Angeles Pro-Musica, as hostess at the garden party Sunday afternoon will be assisted by Mr. and Mrs. Purman, and the Pro-Musica officers and board members including Mrs. Albert Sherman Hoyt, Miss Violet Hart, Mrs. Richard B. Fudger, Mrs. Boyce Smith, Mrs. Blanche Rogers Lott, Dr. Kendall Frost, Edgar Baruch, Mrs. Calvert Wilson, Mrs. Alfred Bartlett, Mrs. Samuel Travers Clover, Mrs. Earl Holland, Roscoe Strader, Mrs. Charles O. Stivers, Thilo Becker, Vera Barstow, Arthur Farwell, Emil Ferrier, Bertha McCord Knisely, Henri de Buscher, Mrs. Samuel L. Krider, Arthur Alexander, Gladys Caldwell, D. Rudhyar, Eva F. Pike, Bertha Vaughan, Mrs. Samuel O. Puterbaugh, Mrs. George Stinsbaugh, Bruno Ueber and Axel Simonson.

In Santa Barbara.
Miss Alice E. Parsons and Miss Jeanne W. Dennen of 1197 West Twenty-Ninth street are at the El

(Merrill for Western Press Service)

Miss Florentine Goodwin

One of the attractive members of the younger set who has recently announced her engagement is Miss Florentine Goodwin, daughter of Mr. Timothy Goodwin of Dalton avenue, her betrothal to Eugene Le Vesque having been told several weeks ago. Miss Goodwin is being much entertained.

One whose skin is well tanned shows he has been taking plenty of sun baths and consequently has been benefited by the large amount of ultra-violet rays which were needed to produce such a dark color. However, as stated, the darkening of the skin itself is of no benefit, but must be considered a necessary change which takes place.

If you want to stay on the beach a long time, it is a wise thing for you to expose your body for only a short time, keeping it covered with a blanket or robe the rest of the day. Hours can thus be spent at the beach.

Three hundred invitations were issued and following the ceremony Mr. and Mrs. Price left for their honeymoon at Big Bear and after their return will make their home at 1200 South Hoover street.

Enjoyable Affair.
One of the delightful affairs of the week was the buffet supper and bridge with which Dr. and Mrs. Robert William Langley entertained the 17th inst. at their home in Beverly Hills. Those included were Mr. and Mrs. Ralph Starkweather, Mr. and Mrs. Hugh Sutherland, Mr. and Mrs. Wendell Brown, Miss Phyllis Brennan and G. F. McShaffery.

Entertaining Friends.
Mrs. Sarah Steinberg of 1933 South Hillcrest drive has as her house guests Miss Mary Nolan, who has been teaching in the St. Louis schools for more than fifty years, and Miss Bessie Hall, also a St. Louis school teacher.

Birthday Anniversary.
Miss Jeanne Asquith Smith was the gracious hostess at a beautifully appointed luncheon at the Lafayette cafe Thursday afternoon, the occasion honoring Miss Phyllis Wright, daughter of Judge and Mrs. L. H. Blowers, who celebrated her birthday anniversary. The guests included close friends and society sisters of the honoree.

At Del Monte.
Enjoying a delightful sojourn at Hotel Del Monte are E. W. Macfarland, who is accompanied by Miss Lydia Macfarland, Mr. and Mrs. John E. Hale and Mrs. C. M. Collins. Others at the famous northern resort are Miss Marjorie Lamkin and Miss Marjorie Ward.

Salvation Army Woman Returns to Local Post.
Adjutant Maude Lee, formerly superintendent of the Salvation Army True Love Home in Los Angeles, arrived here yesterday to again assume that post.

Adjutant Lee left Los Angeles five years ago to become superintendent of the Rescue Home at Portland, Or., which position she held for four years. She was then transferred to Denver to take charge of the work of the Rescue Home in that city. Friends of Adjutant Lee are invited to visit her at the True Love Home, where she will be assisted in her work by Adjutant E. L. Slinger.

CRASH INVESTIGATED.
Police Seek Facts About Collision Involving Film Actor.
The circumstances under which the automobile in which Bruce Gordon, motion-picture actor, and Lee Sepulveda were riding collided with an automobile in which Mrs. Florence Elizabeth Sims was riding have become the subject of investigation by detectives of the Van Nuys police station. It was learned last night, Sepulveda was said to have been at the wheel of the car which emerged from Lankershim Boulevard from the Universal Pictures Corporation lot so suddenly Wednesday that the collision occurred. Gordon and Mrs. Sims were cut up and were treated at the Van Nuys Emergency Hospital.

Mrs. Sims was erroneously reported at first as Mrs. C. L. Brophy of Los Angeles. Mr. and Mrs. Brophy are away on vacation and had left Mrs. Brophy's small car for the use of Mrs. Sims, the housekeeper, police said.

ILLINOIS GROUP TO FROLIC.
The Edgar County (Ill.) Club will have its semiannual picnic at Sycamore Grove Park Sunday. All former residents of the county are invited.

HEALTH AND DIET

ADVICE

By Dr. Frank M. Coe

Questions in regard to health and diet will be answered by Dr. Frank M. Coe, who will be giving a series of lectures on health and diet.

TAN AND SUNBURN.
The ultra-violet rays from sunlight are chemical rays which have a distinctly beneficial effect upon the body through influencing the growth of the red blood cells. When taking a sunbath, either in the nude or at the bathing beach, one should always keep in mind the fact that an overdose of these chemical rays is always injurious.

I find that some people suffer from the mistaken belief that a little sunshine is good, a great deal more will be better. Extreme sunbath is, of course, understood to be very dangerous, as the pores of the skin become so swollen and injured by the burn that proper elimination of poisons from the body cannot take place. A small amount of sunbath likewise affects the body in a proportionate manner. Even the faintest glow on the skin is injurious as long as it lasts. It is, therefore, much better to measure your sun-bath so as to increase the amount of sunbath over several exposures than to try to become tanned through the effects of only one or two sunbaths. The tanning of the skin, or the sunburn, cannot in themselves be beneficial. The only helpful thing about a sunbath is the absorption of the ultra-violet rays by the blood. The skin becomes tanned only because the body is trying to protect itself against too much sunlight to which it has not been accustomed. The darkening of the skin, therefore, acts as a protection against the ultra-violet rays so that the time of each exposure must be increased day by day in order to daily get the same benefit.

One whose skin is well tanned shows he has been taking plenty of sun baths and consequently has been benefited by the large amount of ultra-violet rays which were needed to produce such a dark color. However, as stated, the darkening of the skin itself is of no benefit, but must be considered a necessary change which takes place.

If you want to stay on the beach a long time, it is a wise thing for you to expose your body for only a short time, keeping it covered with a blanket or robe the rest of the day. Hours can thus be spent at the beach.

The Parker Idea in Dentistry

THE Parker Idea is to spread information everywhere about the importance of good teeth, because good teeth stand for good health;

—to make everything in dentistry perfectly plain to the people;

—to render to the great masses, at a moderate price, the same class of dental work that only the few could afford in the past;

—to practice dentistry according to a system such as is used in banks, trust companies and other successful business institutions;

—to conduct the dental business on a large scale, because that is the only way the cost of good dentistry can be cut down;

—to improve the lot of the dentist himself, so that he can make a better living than when he works alone;

—to take the fear of pain out of dentistry and give full satisfaction to patients;

—to put good dentistry within the reach of all.

There are Thirty-two offices where the Parker Idea is carried out under the E. R. Parker System.

CHILD MARRIAGE UPHELD

Court Decides Bride, Under 16 Years of Age, Legally Wedded When Parents Give Consent

What is said to be one of the most far-reaching decisions ever recorded affecting California's marriage laws was handed down yesterday by Judge Archibald of Juvenile Court, who held it is legally possible for a girl under the age of 16 years to marry providing she has the consent of her parents.

The decision was given in connection with the case of Mr. and Mrs. C. E. Shellman, who had been charged with contributing to the delinquency of their 15-year-old daughter, Juanita, by permitting her to marry Miles Alden, her childhood sweetheart.

The District Attorney's office had filed a charge against the Shellmans on the theory that the California law prohibits marriage between girls under 16 years of age and boys under 18, even though they have the consent of their parents.

But Judge Archibald, in dismissing the case, pointed out that the law merely infers girls under 16 are not to be married.

The law does state that a girl under the age of 16 and over the age of 14 cannot marry if she has the consent of her parents, but that is as far as it goes. And the law further provides that the parents or guardian of a minor under the legal age of consent can bring action to annul a marriage performed without their consent. But if such consent has been given, such a marriage cannot be annulled.

The decision given yesterday by Judge Archibald in holding the marriage between Miss Shellman and Alden to be legal is said to be the first of its kind handed down in the California courts.

In giving his decision, Judge Archibald pointed out there is no way to set the marriage aside, as it was a legal marriage. He said the marriage was entered into by a minor—a proceeding which would be regarded as highly extraordinary in the case of a girl.

Archibald added, the marriage could be ended by divorce, but not as it stands now, for so far as it is concerned, neither man nor wife has established grounds for divorce.

With Judge Archibald's ruling sanctioning the marriage, it appeared unlikely, however, that the marital ship of the Shellman girl and her husband will go on the rocks, as it is said the bride and bridegroom are very much in love and will unite in thanksgiving for the order of court.

Separated during the pendency of the action against the Shellmans, the girl and her husband are said to have exchanged letters in which they vowed their love and decided to "see it through."

"I sincerely hope they will be happy," said Judge Archibald. "The girl's mother was married at 14 and apparently has lived a successful married life, and I believe her daughter and her son-in-law will be happy together. If a young couple's love has lived through all this, I am quite sure it is the real thing, and I wish them the best in success and happiness."

Juanita and her husband, it was brought out at the preliminary hearing of the case, were married in Independence April 3, last. The girl was accompanied by her parents, who gave their consent to the nuptials, although they did not realize that girls under 16 are not supposed to marry in California. In order to get a license it was necessary that the bride falsified her age, telling the marriage license clerk she was 18, but this will not affect her marital status, as the courts have long since declined to entertain any charge of perjury in such an event. It has been a matter of common knowledge, apparently, to give the gay god of love some leeway in the matter of age.

SUSPECTS ON DISPLAY
Will be "shown up" in Shadow-Box Room at Central Station

Twenty-two men arrested in Los Angeles in the past week on various charges will be given a public "show-up" in the police shadow-box room in the central station at 9 o'clock today, according to Acting Captain of Detectives Curtis.

The men were taken in raids by the vice squad in robbery detail. Many of them, police say, have criminal records. They will appear in the shadow-box room, where they can be seen but not see who is observing them.

The show-up, police believe, may result in the recognition of several hold-up men by their victims, who have been robbed in the past week.

ROSCOE FAYING REQUESTED

WILL TELL WIFE WHAT TO DO

Seiter Directs Laura for the First Time Since Marriage; C. B. De Mille Makes Actor of Handsome Soldier; Archie Mayo to Direct "The College Widow"

BY GRACE KINGSLEY
Ever since they were married several months ago, Laura La Plante and William Seiter have been secretly longing they admit now, to make another picture together, and now Universal has granted their joint wish.

Returning from their delayed honeymoon to Honolulu, the Seiters prepared to go their respective ways on two different productions. The lively Laura is to star in "Thanks for the Buggy Ride," as first her director, William Seiter, was planning to prepare a picture about a young couple's love life. But Seiter decided to take a six weeks' vacation at his old home in England, and he was left with nothing to do. Pleasant memories of such successful pictures as "The Tanager," in which Laura starred, and "The Paul Worker" and "Skinner's Dress Suit," in which she was featured with Reginald Denny, evidently came to the hands of the Universal executives. At any rate they decided to select William Seiter to direct his clever young wife, since he directed all the previous bits.

"Thanks for the Buggy Ride" is said to be one of the cleverest stories Miss La Plante has had in months. Although the Seiters have just returned from a yachting trip to Catalina, where the picture was prepared for the next day's production, they plan to start filming "Thanks for the Buggy Ride" during the first week in August.

Archie Mayo to Direct
Due to his excellent work in directing May McAvoy and Conrad Nagel in "Slightly Used," and to his decided flair for light comedy, Archie Mayo will direct "The College Widow," from the George Ade play, which is to be Dolores Costello's next starring vehicle, and her first opportunity to demonstrate to the public her own acting talent.

No other members of the cast have been signed as yet, but, according to Darrell Zanuck, associate executive, the cast will be an important one, and the production lavish. It is intended that much of the action will be shot on the campus of one of California's great universities, probably Stanford.

Eduardo Raquello Busy
Having completed his contract with Universal, Eduardo Raquello is now free-lancing.

Raquello's first engagement is to play the part of a young man in a picture produced by Producers, playing the featured male lead in "The Girl from Rio," in which Carmel Myers has the female lead. Walter Pidgeon has another leading role in the picture, and Tom Terriss is directing.

The star was a former European stage and screen, appearing in various starring roles in Germany. He is Polish and has played many classic roles in both Poland and France.

Raquello's first engagement is to play the part of a young man in a picture produced by Producers, playing the featured male lead in "The Girl from Rio," in which Carmel Myers has the female lead. Walter Pidgeon has another leading role in the picture, and Tom Terriss is directing.

The star was a former European stage and screen, appearing in various starring roles in Germany. He is Polish and has played many classic roles in both Poland and France.

Raquello is a remarkably accomplished dancer, as well as actor, and one of the features of "The Girl from Rio" is a tango danced by himself and Miss Myers.

Adolphe Menjou Sets Example
Training right along with those moralists who hold that example is more powerful than precept, Adolphe Menjou will be the first motion-picture star to profit by the recommendation of the Academy of Motion Picture Arts and Sciences which declares the practice of starting to shoot motion pictures without an absolutely completed story, and tampering with the story after the start.

Menjou announced yesterday that after the completion of his present picture, "A Gentleman of Paris," he will go into seclusion on Catalina.

He has big plans for the actor, who, in the meantime, is taking fencing lessons and otherwise cultivating the grace and poise of his carriage.

Three Charming With Esther
Esther Ralston really needs no first aid in the way of feminine beauty in her pictures. Nevertheless, the male fans may note with interest that, in addition to the beautiful Esther herself, three other lovely young actresses will appear in Miss Ralston's current Paramount starring vehicle, "Heaven Help the Working Girl."

The young actresses in question are Doris Hill, Hollywood High School girl, who danced her way into motion pictures via a part in a prologue to a Los Angeles theater; Natalie Kingston, formerly a Mack Sennett dancing beauty and feature player in several of his pictures, and Thelma Jensen, that skillful actress who never fails to click whenever a difficult part is assigned to her.

"In Old Kentucky" to Start
With the scenario and continuity of "In Old Kentucky" almost completed by A. P. Younger, the big racing drama will be launched next week at the Metro-Goldwyn-Mayer studios, according to announcement yesterday by Bernard H. Hyman, M-G-M producer. Younger wrote the screen plays of such film successes as "Brown of Harvard," "Slide, Kelly, Slide," and others.

Much of the picture, which will be directed by John M. Stahl, will be filmed in the Blue Grass region of Kentucky. This will include the Kentucky Derby filmed at Latonia, one of the noted turfs of the racing world. Famous race horses will take part.

De Mille's New Film Sheik
Robert St. Angelo is the engaging name of a handsome new film sheik just signed by Cecil B. De Mille on a long-term contract, with a splendid outlook for his future.

The young actor was a member of the marines and though of Italian birth, fought with the American forces in the World War. He also served with the Devil Dogs in China. After the war he came to Hollywood to get into pictures.

His first film work was with De Mille as one of the Roman soldiers in "The King of Kings," in which he acquitted himself so well that De Mille has had an eye on him ever since. He was given an important though small part to do in "The Fighting Eagle," in which he played a soldier of Napoleon.

St. Angelo is six feet, two inches in height, and is dark.

Cecil B. De Mille announces that part.

CHARGE ATTACK ON GRAPE MEN

Association Head Says Wife is Annoyed

Circulars Distributed During Meetings

Hecklers Present at Every Gathering

FRESNO, July 21.—Declaring that his wife and children have been annoyed by prowlers outside their Burlingame home, that meetings held in the interests of the California Vineyardists' Association have been interrupted, and that a series of circulars have been distributed anonymously under the name of the Citizens' Protective Bureau, Donald D. Conn, managing director of the vineyardists, a nonmarketing, co-operative group, declared war in a 2000-word statement issued today.

"I have neither the time nor the inclination to answer venomous libels of men whose objectives are not known, and who apparently oppose any organized effort on the part of the farmer to readjust his own situation," the statement says. "This is not my personal fight, it is the fight of 99 per cent of the growers of the State against a wealthy minority who, for some reason, are attempting to abuse the California Vineyardists' Association program by clouding it with the car plan."

Conn's statement names specifically one known member of the so-called "Citizens' Protective Bureau," which has issued a series of circulars here and distributed them at valley cities where vineyardist meetings were held, urging growers not to affiliate with the organization and claiming they would drive Conn from the State.

"At Stockton, last week, we were confronted with a most unusual situation where our meetings were interrupted by agents and by a gentleman known as John Martin, Jr., who, according to the statement continues, 'No one had the Stockton meeting commenced than it was interrupted abruptly by the distribution of circulars within the meeting room and the appearance of young Martin with resultant argument, heckling, etc.'

"Furthermore, it now develops that every time I drive away from one of these meetings I am followed by a mile of my route and only last week, as I stood talking to Ralph Merritt (president of Sun-Maid Raisin Growers) in front of his home, a machine with drawn curtains slid alongside and deluged both of us with circulars."

"Last Saturday night at my home, where my wife and children are staying, men slid up to the windows in the dark, rapped on the door and, during the night, knocked on the door, the whole performance keeping up the dread of my wife and the terror of my children."

"What this may or may not prove about the California Vineyardists' Association, I do not know, but evidently it is an attempt to intimidate me and keep the farmers of this State from organizing in their own interests."

Martin, referred to in Conn's statement, is a resident of Fresno, and the one who brought a complaint before the Interstate Commerce Commission on the operation of the 1924 car plan of the American Railroad Association, claiming that the car plan evaded the railroad's liability for failure to furnish cars to shippers and growers. Similarly the circulars have argued that membership in the vineyardists also allows the railroad to evade responsibility.

In his statement, Conn denied that C. V. A. membership takes any burden from the railroad and says that the vineyardists and the car plan have no connection "except that we will take full advantage of any information which may result from the car plan to better our distribution."

HEAR SONG OF SINGING TREE

Pageant Players Discover Nature Freak

Indian Prima Donna

Artista, who alternates with Talina as lead in presentation of the pageant "Kitchi Manido," at Laguna Beach, August 12 to 31.

LAGUNA BEACH, July 21.—A phenomenon equaling in uniqueness Yellowstone geysers, and which is expected to attract almost as much attention, has been discovered in Laguna Beach. It is a singing tree.

The weird song produced by a giant eucalyptus is not the result of two timbers rubbing together, those who have investigated say. Scientists who have visited it are at a loss to account for its strange musical sound.

The tree sings at intervals of from five to fifteen minutes, its song lasting from one-half to one and one-half minutes. So great has been the interest shown in the tree, that Isaac J. Prager, author of the annual Indian pageant "Kitchi Manido" (the Great Spirit), has written a complimentary verse and the Laguna Beach Pageant Association is having a suitable tablet made to mark the tree.

The singing tree is located in a large grove of eucalyptus in Laguna Beach. It is in this grove that the Indian pageant is to be presented this year, from August 12 to 31.

Discovery of the tree was quite accidental and occurred when members of the pageant cast were testing the acoustics of the outdoor amphitheater. The stage for the pageant is set in front of the eucalyptus grove, and the tree is located on a specially constructed stage on the hillside which forms a natural outdoor bowl around the grove. In the background, will be the eucalyptus grove and in this grove the Indians will have their trees and native village. It is expected that the unique background will add much to the interest and color of the production.

Artista, 17-year-old prima donna, who will alternate in the leading role of the pageant with Talina, who is said to be the leading Indian prima donna of the world, discovered the unique singing tree.

Halting in the midst of the song by what she thought was an echo, the young singer and other players sought for some time before they finally located the singing tree. Artista is said to be the youngest grand opera singer in the world, and is also a concert harpist of ability.

Many leading singers, actors and actresses are being engaged for the production. Talina, noted Indian prima donna, who is said to be the leading Indian prima donna of the world, discovered the unique singing tree.

PLAN MOUNTAIN ROAD

Association Seeks to Build Highway From Pasadena to Antelope Valley

PASADENA, July 21.—About forty representatives of interested Southern California communities gathered at the Pasadena Chamber of Commerce this afternoon as members of the Angeles Forest Highway Association, to advance plans for the construction of a through mountain highway from Pasadena to the Antelope Valley.

The main purpose of the organization, as President W. C. Fletcher of Palmdale explained, is to bring about the construction of a new highway starting between Pasadena and Glendale at La Canada, where it connects with Chevy Chase Drive, crossing the Arroyo Seco and following a course north of Mt. Lowe and Mt. Wilson to Vincent, where it connects with the Mint Canyon road and points north.

This would provide a direct artery through the mountains for thirty-two miles and would mean a saving of twenty-eight miles for motorists traveling between Los Angeles and the Antelope Valley, who now use the Mint Canyon route.

The chief business accomplished by today's session was the decision to place the control of the association now on in the hands of a governing board comprised of five representatives to be selected from the Pasadena, Glendale and Long Beach chambers of commerce, the San Gabriel Valley Development Association and the Associated Chambers of Commerce of the Antelope Valley. This is expected to speed up operations considerably.

Another plan which is tied up with the road from La Canada is for an easterly route from Azusa through the Mt. Lipp and Big Rock regions to Elizabethton Park. The association is backing both projects, the first as a commercial highway and the latter as a route to be used principally by campers and motorists.

The association has been organized for about eighteen months, and has a program of lateral highways, reforestation and fire prevention along with its main highway plans. Plans for financing the projects are still tentative.

Present today were representatives from the Los Angeles Chamber of Commerce, Automobile Club of Southern California, Pasadena, Glendale, Long Beach, Lancaster, Palmdale, Antelope Valley, Farm Bureau, Mojave, Alhambra, Montebello, Monterey Park, Bellflower, Downey, Signal Hill, Alhambra, Burbank, and the Tujunga Valley.

President Fletcher presided and the directors were welcomed by Franklin Thomas, president of the Pasadena Chamber of Commerce.

GAME TOO BIG FOR SMALL GUNS

BURBANK, July 21.—Two boys who were hunting in Sunset Canyon today with air rifles decided that their game was too light for hunting.

They decided to hunt a mountain lion in a secluded spot in the canyon.

They had a strategic retreat and were summoned reserves in the shape of Sgt. Joe Griffin and Officer Steadman of the Burbank Police Department.

The officers got a couple of snapshots as the lion slunk away through the thin brush, but their bullets failed to stop it and the beast disappeared.

It is believed that the lion, which is said to measure approximately nine feet in length, has come down to the canyon for a drink.

PICNIC PARTY IN FATAL ACCIDENT

VENTURA, July 21.—A proposed barbeque picnic ended in death and disaster for two men and two girls today.

Ernest Aglett, 22 years of age, was killed. Ernest Ferard, 35, suffered fractured skull and other serious injuries.

The two girls were slightly injured by their picnic-buggy, which light delivery truck collided with another car on Ventura Boulevard yesterday.

The injured are in the hospital here.

Meager reports said that the truck and another machine both tried to pass a parked truck at the intersection of the Ventura and Ventura roads. The result was a collision and the overturning and demolishing of the light truck.

CONFEE NEW DEGREE

VISALIA, July 21.—The Imperial Degree, the only Merit-Monopoly Lodge in Los Angeles and the Visalia Lodge, is to be conferred by neighboring towns. N. B. Eberle, F. J. Wilkenson and A. E. Metasole are the committee in charge of preparations. This degree will be conferred on the Fresno lodge first, then ceremony to take place July 27th.

SHORT HAIR COSTS HOME

Anahem Rancher Locks Door On Wife With Bobbed Locks

SANTA ANA, July 21.—When Richard Haster, prominent and well-to-do rancher, near Anaheim, objected to his wife bobbing her hair and using cosmetics that was bad enough, but when she returned with her mother and a party of friends from a motor trip to the Juana and found herself locked out of the house by the last straw, Mrs. Geraldine Haster indicated in a suit which she filed in Superior Court, Santa Ana, today for divorce.

Haster charged cruelty.

She declared that Haster took liberties with other women and remained at lodge until 4 a.m.; that he was adverse to frequent bathing; that he frequently read papers and magazines when guests were in the house and that because she used cosmetics she said her husband said she looked like a "Pute Indian." Division of property valued at \$100,000 and \$1000 legal fees are also demanded.

BOUND OVER ON FORGERY CHARGE

RIVERSIDE, July 21.—C. H. Ferguson, self-styled Texas cattleman, was accused of defrauding a local store of giving an assertedly worthless check, drawn on an El Paso bank, for \$1000, to the Superior Court following an afternoon of arguments before Justice Daniel. Ferguson was arrested in Tucson, Ariz., and brought here by Deputy Sheriff Larabee to answer to the charge which grew out of purchase of men's apparel.

BALANCE ON HAND

GLENDALE, July 21.—The city administration came through the fiscal year that closed on June 30, 1927, with a balance in its favor of \$76,693.02, of which \$68,454.42 covers unpaid demand, leaving a balance on hand of \$8,238.60, which has been transferred to the general fund.

The cost of running the city government during the fiscal year closed was \$618,803.70, according to the report of the City Council today from City Manager J. W. Charleyville as compared with a total of \$704,444.83 for the year ending June 30, 1926.

START PEACH PACK

ARMONA, July 21.—The plant of the Kings County Packing Company here started this morning on Tuesday, when about 600 employees were put to work on peaches.

RECLUSE DIES IN LONELY CABIN

HANFORD, July 21.—Jake Labrase, living alone a mile and a half northwest of Hanford, was found dead in his cabin this morning by a neighbor, Joe Costa. A coal-oil lamp was still burning and Labrase had evidently died during the night, although he was last seen alive by neighbors last Monday.

There were no signs of violence and he had evidently died from natural causes. The deceased had been employed for twenty-five years as blacksmith at the Lucerne Vineyard, but had not been working lately. Labrase was about 60 years of age, a French Canadian and so far as known has no relatives in this country. An autopsy was ordered and inquest is to be held by Coroner O. D. Strong.

CITY SEEKS TO COLLECT TAX MONEY

San Gabriel Plans to Annex Sewer Farm and Make Pasadena Pay

PASADENA, July 21.—Reports were received at the City Hall today to the effect that the city of San Gabriel may seek to annex the 600-acre Pasadena city farm lying outside its present boundaries in order to exact taxes on the property from Pasadena.

The report is to the effect that the proposed annexation district would include the city of San Gabriel section which is favorable to annexation. Thus the votes of the few city employees who live on the Pasadena farm would speed up operations in combating the annexation.

City Manager Orblom immediately went into conference with Deputy City Attorney Bloch over possible means of preventing the annexation. At present, the city pays taxes only to the Angeles county on the farm property and would strenuously oppose any annexation attempt which would subject the property to further tax and placed under the jurisdiction of another community.

Relations between Pasadena and San Gabriel are strained anyway, because of the latter's objections to granting an easement through streets to alter the proposed Lamanda Park outfall sewer to connect with the city farm. A bond issue was passed a year ago but the work has been held up by San Gabriel's objections, after measures taken by San Gabriel and county property were obtained.

CLOSE CITY PLUNGE IN BAKERSFIELD

BAKERSFIELD, July 21.—City Manager James Ogden, acting upon the recommendation of City Health Officer Dr. P. J. Curren, today ordered a city health officer to go into effect today. The swimming pools usually remain open until the city health officer orders them closed, he said, the remainder of the summer.

The action was not taken through fear of the infantile paralysis cases in the city, the manager declared, but because of the danger of the city now, in one of which the quarantine will be lifted today. There are two weeks ago at Washington, D. C., Ogden said, but the situation is not alarming.

In August, the city health officer said the disease is most dangerous and the plunges are closed as a preventive measure.

RABBIT BREEDERS TO BANQUET AT POMONA

POMONA, July 21.—Rabbit breeders from every section of Southern California will meet here Saturday evening for a jubilee banquet in celebration of the selection of Fontana as the community for the establishment of the Pomona Rabbit Breeders' Association.

Guests at the banquet, including members of the Southern California Rabbit Breeders' Association, will be in charge of the Pomona Rabbit Breeders' Association.

Presbyterian Church will be followed by addresses.

Several communities in both Northern and Southern California sought the experiment station, but selection of Fontana was announced yesterday by the department of Agriculture. It is expected that ground will be broken early in the fall for the several buildings to be erected.

WATERMELONS ARE MONEY-MAKING CROP

BRAWLEY, July 21.—While the cantaloupe season has been a disastrous one for a majority of the valley growers, watermelons have yielded a return according to the state of local shippers today. Sixty-one cars of watermelons left the valley yesterday, bringing the season's total to 3014 carloads. Growers are receiving from \$125 to \$225 for each twelve-ton carload. The weight of the average melon going out at present is nineteen pounds. The shipments are mostly Klondykes, as there is practically no market for Angelinos.

DEER NEAR TOWN

VAN NUYS, July 21.—Three deer greeted Mr. and Mrs. W. W. Lortimer as they drove into the canyon on South Sherman Way a few blocks west of Ventura Boulevard, near here. Lortimer is a Van Nuys merchant and has lived in this section for a long time. He says he never saw the wild deer in the Santa Monica hills to venture so near to town.

BIG STILL NABBED

SUNLAND, July 21.—Police officers discovered a 500-gallon liquor still operating at full blast when they walked into a small cottage on Scottville street and arrested Joe Martin. More than 3500 gallons of mash and expensive stilling equipment also was found. Martin was conveyed to Van Nuys where bail was fixed at \$2500. The still was one of the largest conducted by the police within the last year.

LOVED MUSIC MORE THAN HE DID HOME

SPRINGVILLE, July 21.—A desire to study music, causing him to refuse to return to the house of his father, has resulted in Leonard Ray, 13 years of age, son of Fred Ray of Springville, becoming a ward of the Tulare County Court and being placed in the care of his father.

Two years ago the lad's mother died and he was placed in the home of August Millinghaus in Springville, where he was given an opportunity to study his beloved music.

Recently the father asked the boy to come home but the lad refused, saying he would stay and study music. The father placed the boy with Mr. and Mrs. A. J. Robinson of Visalia, but he returned to the Millinghaus home in Springville. He was then turned over to the probation officer. The case was heard by Judge J. A. Allen.

OPEN MUNICIPAL BATH

MONTBELLO, July 21.—Official opening of the city's new \$85,000 public bath-house, will take place Saturday. All the city officials, the directors of the Chamber of Commerce and representatives from other social and civic bodies will be present at the elaborate ceremonies which will mark the occasion.

REMINDER OF DAYS IN IOWA

Host to Gather at Picnic in Pickering Park Near San Bernardino

SAN BERNARDINO, July 21.—Ten thousand former Iowans are expected to attend the Iowa Association picnic at Pickering Park Sunday, this being the first big inland picnic that the association has scheduled under direction of the recently formed Iowa Association of San Bernardino county.

The Iowans, past and present, are noted for their big picnics and it is confidently expected that every former Iowan in San Bernardino and Riverside counties will be present, as well as thousands from Long Beach, Los Angeles and other cities.

Congressman Joe C. Crall of Los Angeles will be the speaker of the day, along with President J. L. Mack of the San Bernardino Chamber of Commerce. The program includes many athletic and swimming events for boys, girls and their elders. One of the unique stunts will be a "pig-calling" contest. It is a well-known fact that Iowa is noted for its corn, and corn means pigs, it is asserted. Much merriment is expected from the various former Iowans who will demonstrate "how we used to call the pigs back in Iowa."

CHOSEN QUEEN OF TULARE FAIR

TULARE, July 21.—Miss Grace Wolf, 17 years of age, senior of Lindsay High School, won over her contestants in a beauty contest staged by the Lindsay Chamber of Commerce for position as maid of honor to the queen of the Tulare County Fair, to be held here in September.

Miss Wolf is a slender brunette of striking beauty, and is a popular social favorite in the Tulare county. She is the daughter of Mr. and Mrs. R. G. Wolf of the Tulare County Fair, to be held here in September.

Six maid of honor will be chosen by larger cities of Tulare county. The Tulare county fair will be a beauty contest staged by the Lindsay Chamber of Commerce for position as maid of honor to the queen of the Tulare County Fair, to be held here in September.

WINS INTERNATIONAL LICENSE

Santa Ana Girl Honored by Federation

SANTA ANA, July 21.—The distinction of being the only woman air pilot to have won a license to fly from the Federation Aeronautica International in the past two years in the United States is claimed by Sacha "Peggy" Hall, intercity Santa Ana aviator who is the first woman pilot to learn to fly at the student school conducted at the Eddie Martin Airport, south of Santa Ana.

According to information from the National Aeronautical Association, a branch of the P.A.I., Miss Hall is the fifteenth girl in as many years to qualify for flying.

The daring air girl says that she took up aviation because it was thrilling. She says that she can do anything that man can and thereby asserts her equality with men in the modern era of woman's emancipation.

Her desire is to become a war ace.

In case war ever occurs between the United States and other countries, Peggy insists that she will volunteer for service.

"Why shouldn't women be allowed to do anything that men can do?" she asks. "I'm just as patriotic as anyone, man or woman, and I would want to be in an air squadron in the event of a war."

Peggy at present is training to take tests for the government military and commercial licenses. Only one other woman in the United States at present has met the requirements. She has learned to stunt and perform all the maneuvers of a "thrilling exhibition maneuver" at the Martin flying field, above gaping crowds.

RECLUSE DIES IN LONELY CABIN

HANFORD, July 21.—Jake Labrase, living alone a mile and a half northwest of Hanford, was found dead in his cabin this morning by a neighbor, Joe Costa. A coal-oil lamp was still burning and Labrase had evidently died during the night, although he was last seen alive by neighbors last Monday.

There were no signs of violence and he had evidently died from natural causes. The deceased had been employed for twenty-five years as blacksmith at the Lucerne Vineyard, but had not been working lately. Labrase was about 60 years of age, a French Canadian and so far as known has no relatives in this country. An autopsy was ordered and inquest is to be held by Coroner O. D. Strong.

STRUCK BY AUTOMOBILE

BAKERSFIELD, July 21.—J. C. Albert, proprietor of the Mirage Garage, seventeen miles south of Bakersfield on the straightaway, was severely cut late last night when he was struck by an automobile. Albert had been called to a machine to his garage and while he was adjusting the tow rope, another machine struck him, hurling him against the stalled car and cutting him severely along the legs.

MAKING DANCE

LAGUNA BEACH, July 21.—Application has been made to the controller of the currency at Washington for permission to organize the First National Bank of Laguna Beach with a capital of \$100,000. The directors are M. B. McMillan, Charles A. Keren, Vernon W. Hunt and Frank Bowker of Laguna Beach and Roy Maggart of Los Angeles. Plans have been drawn for a two-story Spanish type bank and office building to be constructed on four lots at Beach street and Forest avenue.

TO RETURN PRISONER

SANTA ANA, July 21.—Deputy Sheriff Joe Scott left today for Denver to bring back C. G. Downing, insurance solicitor of Brea, to face a charge of embezzlement filed by a firm of used-car dealers here.

Downing disappeared from Placentia July 14 and Sheriff's officers were asked to hunt for him. A few days later his wife received a telegram from him stating that he was in Denver for a short visit. Scott said Downing had waived extradition proceedings.

MAKING DANCE

'I WILL NOT KILL' SLOGAN BACKED
Regional Council Seeks to Reduce Auto Toll
Elderly People Predominate Among Year's Victims
Committees Report on State Industrial Correlation
More deaths resulting from automobile accidents were attributed to elderly people crossing streets at night between intersections than to any other cause during the last year, Allan Davis of the legislative department of the Automobile Club of Southern California told eighty representatives of boards of supervisors, chambers of commerce and other civic bodies of eight counties in attendance yesterday at the meeting of the Southern California Regional Advisory Council of the California Development Association at the Alexandria Hotel.
To prevent such fatalities, Davis stated, the engineering, regulatory and educational departments of the California Development Association, Automobile Club and other bodies interested in traffic safety have successfully assisted in placing in operation a set of uniform traffic laws, Davis said.
RENING TOLL CHECKED
Adoption of the unified traffic code by twenty-six counties is having the effect, according to Davis, of gradually checking the rising toll of deaths. The Council endorsed Davis's report and adopted the slogan, "I Will Not Kill," as a means of interesting the people of California in traffic safety. This slogan, it was stated, will be spread over the state.
Various committees made preliminary reports on plans for the coming year. These provide for the correlation of Southern California industries, particularly of agriculture and aviation.
FRUIT FLY FIGHT DESCRIBED
A. C. Harrison of Santa Paula, chairman of the agricultural committee, told of the efforts to fight the Mexican fruit fly, which, he said, is a tremendous menace to horticulture in the entire United States. C. C. Harrison and W. Wilson, members of the conference who have just returned from Washington, where they attended a conference with officials of the United States Department of Agriculture on the Mexican fly menace, were present yesterday.
Various committees made preliminary reports on plans for the coming year. These provide for the correlation of Southern California industries, particularly of agriculture and aviation.
Masonic Club to Be Entertained at Noon Meeting
A program consisting entirely of entertainment will be given by the members of the Masonic Club of Los Angeles this noon at the club, 619 South Main street. The program will be under the direction of the committee on Luvano studio and will comprise four numbers.
Robert E. Guzman, Spanish tenor, will sing. Others who will be seen and heard will be the Gervasia Walslowa with a troupe of gypsy dancers; Stanley Dale, impersonator, and Ruth Brady, pianist.
Irving J. Mitchell is president of the Masonic Club.
Peacock Says Coma Victim at Turning Point
Within the next week Mrs. Clara Drummond, Fresno coma victim, probably will make exceptional progress in her recovery from the "sleep" she has been in for more than three months, according to a statement made last night by Dr. W. J. Peacock, chiropractor, who is treating her.
In his latest report Dr. Peacock said his 31-year-old patient now is at a turning point in her coma. He said she is recovering from the injections administered her before she was put in her coma.
Mrs. Drummond is gaining in weight, now weighing approximately eighty pounds, according to the report, and still is attempting to talk.
BOLSHEVISM HELD WANING
Russian Authority Says Compromises With Capitalism Have Greatly Modified Soviet Principles
Bolshevism in Russia is definitely on the wane, Dr. Alexander Kaun, authority on Russian politics and literature, declared in his lecture yesterday at the University of California at Los Angeles. Dr. Kaun, professor of Russian history at the University of California at Berkeley and a member of the summer session faculty at University of California at Los Angeles, pointed out that continuous compromises with so-called capitalist principles have already modified Bolshevism to a tremendous extent.
"As a principle," he declared, "Communism and Socialism were relegated to some future Utopia. The principle of private ownership had been admitted and recognized in Russia. To those who viewed Russia as putting into effect a flaming new gospel of social and economic relations, the revolution undoubtedly has proved discouraging in the light of Russia's steady drift toward 'Main-street' aspirations.
The difference between the Russian despot of 1914 and the despot of today, Dr. Kaun pointed out, is merely one of relationship. The ruling class has merely been shifted. Despotism remains.
"But in encouraging education," he added, "the present Russian dictatorship is digging its own grave."
Howe, he pointed out, that the revolution has undoubtedly proved beneficial in some respects. The peasants now own 80 per cent of the land. There is not only the growth of a peasant-owning land class, but also the rise of a middle class for the first time in Russian history.

KNAPP CASE INQUIRY MAY DRAW FIRE
Grand Jury to Investigate Activities of Bond Men About Jail and Courts
The county grand jury will conduct an exhaustive investigation into the facts surrounding the escape of Paul E. Knapp, accused of fourteen counts of robbery and attacks upon women, was announced yesterday by Dep. Dist. Atty. Murray, in charge of grand jury inquiries.
"The grand jury will go thoroughly into this affair, and other things incidental," said Mr. Murray. "The practice of bondsmen of carrying notes into the jail to prisoners and getting prisoners out on court orders will be gone into. The investigation may result in bondsmen's activities in the jail being limited."
J. Frank Biesbe, bondsman, who arranged for a court order for Knapp to visit a dentist across the street from Knapp's mother's house at 1949 East Fourth street, is held in the County Jail. At the house Knapp escaped by means of a trapdoor. A complaint has also been issued against Knapp's wife, Mrs. Josephine Knapp, charging her with aiding and abetting a prisoner to escape.
CITY BOILER INSPECTION QUESTION UP
Safety Commission Asks Council to Place Authority in Its Hands
The controversy as to whether the Board of Mechanical Engineers or the Building and Safety Department shall have control of city elevator and boiler inspection was reopened yesterday when the Building and Safety Commission asked the Council to place this authority in the hands of the commission.
To do this it would be necessary to repeal an ordinance adopted by the former Council giving this authority to the Board of Mechanical Engineers. There have been many complaints that the latter board is dominated by organized labor and that union elevator operators and stationary engineers are favored.
A question also has been raised that under the new charter authority for elevator and boiler inspection rests with the Board of Building and Safety. Committee members of the Council's Building and Safety Committee will consider the board's request for the authority asked.
Former Bus Line Manager Jailed as Embezzler
Howard N. Howe, 28 years of age, former bus line operator between San Francisco and Seattle, was arrested yesterday on a warrant charging embezzlement of funds totaling near \$100,000 from Seattle business concerns and banks.
Howe, according to Burns detectives who have been trailing him, disappeared from Seattle several months ago after passing checks on the Crenshaw-Bilston Company, commission merchants, for more than \$30,000. In addition several Seattle banks are asserted to have suffered by his operations to the extent of about \$60,000. Howe's arrest was brought about by Burns detectives working out of the Los Angeles office under the direction of Arch Ambault, assistant manager. He was living at 341 North Ogden Drive.
Howe is being held at the City Jail awaiting word of his disposition from Seattle.
Improvers Ask Court Action to Halt Excavation
The Highland Glen Improvement Association yesterday petitioned the City Council to institute injunction proceedings against H. W. Hawley and the Los Angeles Rock and Gravel Corporation to prohibit excavations in the Arroyo Seco between Avenue 48 and Avenue 52. The petition declared that the rock company's excavations are destroying the beauty of the Arroyo and are injuring adjacent property.
The petition was signed by C. M. Sperry as president and C. O. Merberg as secretary of the association.
CONCRETE PAVING REQUESTED
Property owners yesterday asked the City Council to pave Northhoff street from Balboa avenue to Lindley avenue with concrete.

NEW DAY FOR OLD SOUTH
Professor at Vanderbilt Urges Sections of Country Study Each Other to Overcome Prejudices
A new day is dawning for the old South, which has been torn by tragedy and softened by sorrow, according to Dr. Edwin Mims, professor of English at Vanderbilt University, who, in an address at the University Club yesterday, expressed appreciation of the nation's generous response to the call sent out for assistance for the flood sufferers.
"In times of stress and of great homes of reactionary ideas," yet we who have lived here and know of your remarkable progress in industry, education and art, only smile at the expressions of ignorance, too often tinged with envy.
"Today there is little prejudice against the Southern States but there is considerable ignorance concerning them," said the speaker. "Many persons continue to think of the old South only in connection with rebellion, minstrel shows, feuds and the negro problem. You all know everything about Dayton, but many of you know little of the unexcelled educational institutions of Nashville and of other Southern cities. It is time we begin to study one another, to come into a broader understanding and greater appreciation of the various sections and peoples of our country."
NEBRASKANS PLAN REUNION
Former Nebraskans from all sections of Southern California are expected to attend a summer reunion at Bixby Park, Long Beach, one week from tomorrow. The gathering is under the auspices of the Nebraska Association of Southern California, of which W. W. Richardson is president and C. H. Parsons, secretary. Headquarters of the organization is at the Hotel Rosslyn.
Punch and Judy shows have been popular in the war area of China.

NEWSPAPER ADVERTISING WINS AGAIN
Large Company Decides to Double Investment After Tests Prove Space's Value
Another signal recognition of the value of newspaper advertising is exemplified in the action of the Robert Brothers, Inc., one of the largest manufacturers of mattresses, springs and upholstered furniture on the Pacific Coast, in more than doubling the size of their newspaper advertising after a short test campaign. The Robert people for years have been large users of billboard and streetcar space, and only recently decided to go into some of the leading newspapers of the Southwest, including The Times.
Their initial effort was inaugurated in a modest way, with a view to feeling out the proportion. The response, however, proved so spontaneous and enthusiastic, that at a meeting of the heads of the entire organization, executive, sales and operating departments, at the Jonathan Club, Monday evening, at which the entire advertising proposition was outlined in detail by the head of their advertising agency, William A. Ingoldby, it was unanimously decided to more than double the appropriation for newspaper space.
BONELLI ON COMMITTEE
President Bonelli of the City Council was yesterday formally appointed to represent, with City Attorney Stephens, the city government on the Coliseum management committee. The committee consists of two representatives each of the city and county governments, and of the Community Development Association.

IS A HEALTHIER STRONGER GIRL
Because She Took Lydia E. Pinkham's Vegetable Compound

This is possible thru the magic of the humble tin can. In one of the canning establishments, Julia Schmidt was employed. It was complicated work because she did sealing and other parts of the work. It was strenuous work and she was not a strong girl. Often she forced herself to work when she was hardly able to sit at her machine. At times she would have to stay at home for she was so weak she could hardly walk. For five years she was in this weakened condition.
"Everyone says I am a healthier and stronger girl," she writes. "I am recommending the Vegetable Compound to all my friends who tell me how they suffer and I am willing to answer letters from women asking about it." Julia Schmidt's address is 113 Willow St., Silverton, Oregon. For sale by all druggists.

Are there any vacant flats in this neighborhood?
 Wonder if anyone found my dog?
 Where's a good place to start in business?
 What sort of home shall I buy?
 Could I trade this camera for a gun?
 Where could I find a bedroom set cheap?
 How much would a good used car cost?
 Who wants to hire a man of my experience?
 What real estate bargains are available now?

Find the Answers to these Questions in Next Sunday's Times

Next Sunday, after you've read the news of city and world, turn to another kind of news—news that may have a personal message for you—Times Want Ads. Two whole sections, containing items submitted by thousands of individuals—chances to buy and exchange real estate and all sorts of objects—chances to get into business—chances to find employment—chances to buy, to sell, to rent, to loan and to borrow. Next Sunday, see for yourself why thousands of people find Times Want Ads such interesting and profitable news.

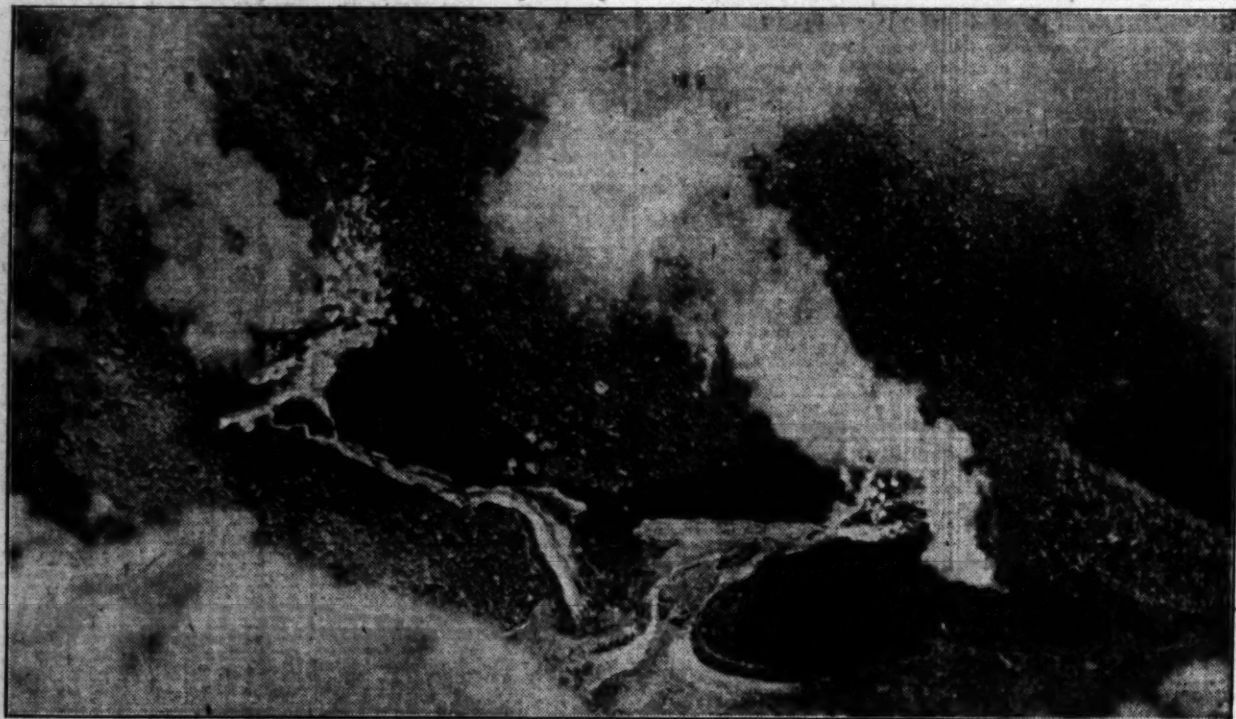

A busy staff has already started the huge task of assembling Next Sunday's Want Ads. To help maintain The Times' high standard of service, advertisers are urgently requested to send or phone their Sunday Want Ad copy today or early tomorrow morning.

First Photos Showing Hawaiian Volcano, Kilauea, in Eruption

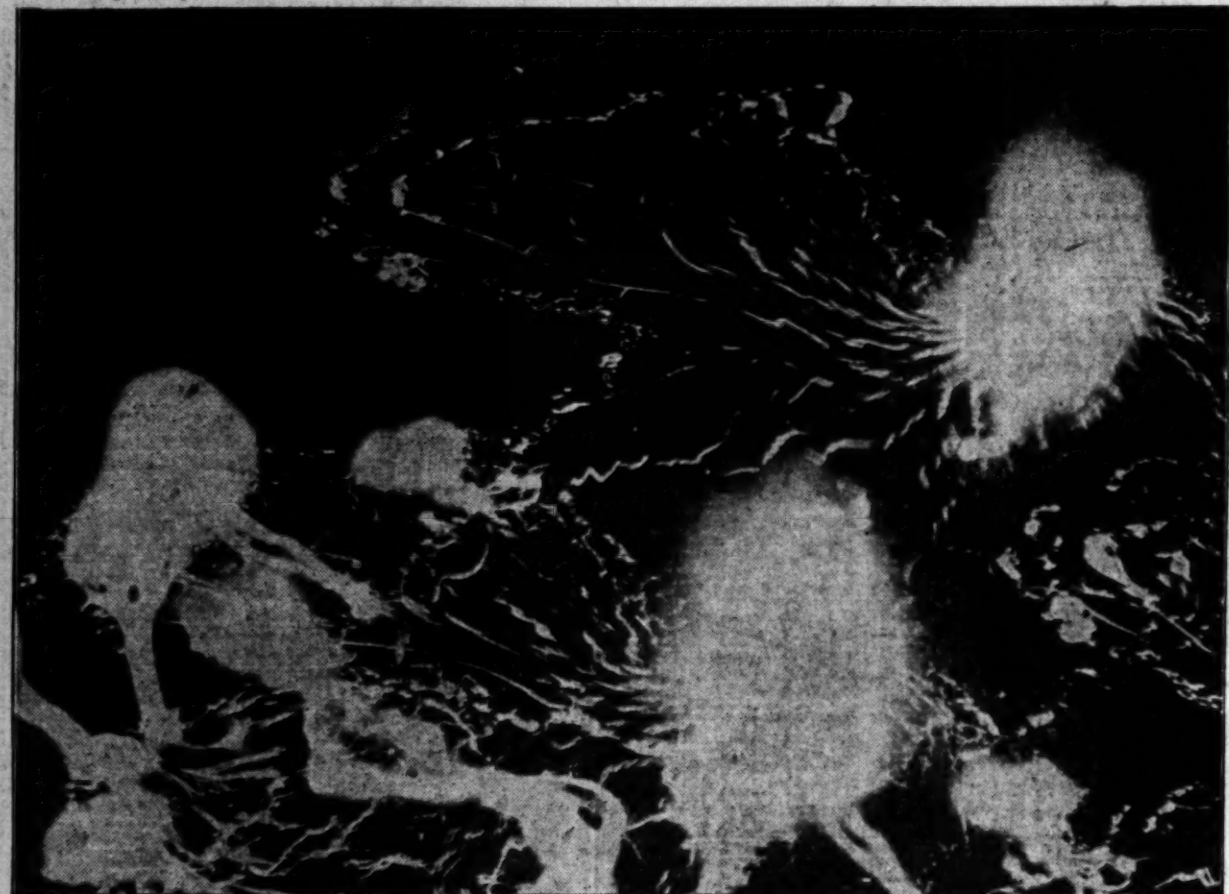

THE first photos to arrive in the United States showing the Hawaiian volcano, Kilauea, in its latest eruption are presented below, together with a set of photos, recently received from the Islands, showing conditions in the crater inundated more than a year ago by the lava flow from Mauna Loa volcano. There is little danger now, according to the belief of scientist-observers, that the lava flow at Kilauea will get beyond the confines of the volcano during the present eruption. The photos presented below were taken at a time when Kilauea activities were probably at their height.

OUR HISTORY IN PICTURES 775

Some Amusements of 1876.

by J CARROLL MANSFIELD

Section of Reconstructed Road Through Lava That is Still Warm.

A AMERICANS OF 1876 HAD PLENTY OF AMUSEMENTS. DRIVING THROUGH THE PARK BEHIND A PAIR OF SPIRITED HORSES WAS A FAVORED SPORT IN THE PRE-MOTOR DAYS.

IN 1876 DANCING HAD THE SAME APPEAL IT HOLDS TODAY. AMERICANS HAD NOT YET TAKEN THE LEAD IN ORIGINATING DANCE STEPS AND MOST OF THE DANCES OF THAT DAY WERE IMPORTED FROM EUROPE. THE WALTZ, THE POLKA AND THE SCHOTTISCHE WERE POPULAR DANCES.

BASEBALL HAD COME INTO ITS OWN AS THE GREAT NATIONAL SPORT, AND IN 1876 PROFESSIONAL CLUBS AND LEAGUES WERE FORMED AT THAT TIME THERE WERE MANY DOLEFUL PROPHECIES THAT PROFESSIONALISM WOULD RUIN THE GAME; BUT LOOK AT IT TODAY.

IN THOSE DAYS YOUNG LADS TOOK NO PART IN THE MORE STRENUOUS SPORTS. CROQUET ON THE LAWN WAS A FEMALE PASTIME WITH THE FAIR SEX.
